

Trust Vauxhall

Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards, won both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, see www.vauxhall.co.uk/recycling

Fleet Customer Services

Our dedicated support services for fleet managers includes factory demonstrators, a three-day test drive programme and information on whole life costs, company car taxation and finance. For further information please call **0870 010 0651**.

Buying your car

GMAC offers one of the most comprehensive and competitive ranges of financing plans in the UK. Contact your local Vauxhall retailer for details or call the GMAC customer service centre on **0845 712 3444**.

Sureguard protection

Sureguard Assistance offers the benefits of Vauxhall Assistance for three years from first registration, while Sureguard Warranty also provides a parts and labour warranty for high-mileage or long-term owners. For details contact your local Vauxhall retailer or call **0870 752 7020**.

Specialist Mobility advice

Motability accredited Vauxhall retailers can provide special mobility help and advice. Blue badge holders are entitled to very favourable discounts on new vehicles. Contact your local Motability accredited Vauxhall retailer or **Freefone 0800 731 5267**.

Servicing and maintenance

The best way to maximise the performance and reliability of your Vauxhall is to have all routine servicing and maintenance carried out at one of around 400 Vauxhall retailers. To find your nearest retailer call **0845 600 1500**.

In the event of an accident...

Vauxhall Accident Support helps keep you mobile following an accident. Benefits include scene-of-accident advice, message service, assistance with claims and vehicle recovery. Call **0800 010 304** for a free driver's pack.

Vauxhall Insurance

Available for new and used Vauxhalls, a Vauxhall Insurance policy offers a unique package designed specifically for Vauxhall drivers. For a highly competitive quotation, call **0870 024 0240** or visit our website at www.vauxhall.co.uk

For more information...

For a brochure on any Vauxhall model (up to a maximum of three per caller) or location of your nearest Vauxhall retailer please Lo-call 0845 600 1500.

Alternatively, details can be found on our website at www.vauxhall.co.uk

- Save up to £2000* on a new Vauxhall with The GM Card
- 100 Rebate Points worth £100 when you use The GM Card for the first time
- Rebate Point saving is on top of any discount or offer negotiated with the Retailer
- Earn 3 Rebate Points (£3) for every £100 you spend

Typical 14.9% APR variable

To apply call **0845 746 2777** or visit www.gmcard.co.uk.

For a copy of this brochure in large print, Braille or on audio tape, please call 0845 600 1500, or via our textphone service on 18001 08456 785 785.

The GM Platinum Card is issued by HFC Bank Limited and is available to persons aged 18 years or over and resident in the UK (or 21 and over in the Channel Islands) and is subject to status and conditions. Written quotations are available upon request from The GM Platinum Card, PO Box 3615, Birmingham B3 2RJ. The typical APR quoted is the rate for new customers. *Rebate Points are earned on purchases using The GM Platinum Card. Rebate Points are not earned on Balance Transfers or Cash Advances. You earn money off a new Vauxhall/Saab by accumulating Rebate Points under the Rebate Points Programme. Vauxhall Motors Ltd is solely responsible for the operation of the Rebate Points Programme, which is subject to the Rebate Points Programme Rules. You can redeem up to 2500 Rebate Points subject to the Model Line Maximum which will vary in amount in relation to different Vauxhall/Saab vehicle model lines and unlimited Partner Points. Rebate Points and unlimited Partner Points are redeemable as discounts on a new Vauxhall/Saab vehicle and must be redeemed four years from the issue date. Rebate Points may not be redeemed by Motability Contract Hire customers. The GM Card is a trading name and style of both HFC Bank Limited and Vauxhall Motors Ltd. HFC Bank registered in England No. 1117305. Registered Office: North Street, Winkfield, Windsor, Berkshire SL4 4TD is authorised and regulated by the Financial Services Authority. **Member HSBC Group** HFC Bank Limited is not a member of the same group of companies as Vauxhall Motors Ltd, Saab GB Limited or GMAC (UK) plc. Vauxhall Motors Ltd. Registered Office: Griffin House, Osborne Road, Luton, Bedfordshire LU1 3YT. Registered in England number 135767. - CN6/0987.

Antara

Explore the City Limits

EXPLORE ...

... the City Limits.

If you've never been shy about exploring new territory, it's great to know that you can now go anywhere in complete confidence – with stylish design, genuine driving excitement and innovative versatility. Antara. The bold way to drive with style.

This brochure covers Antara E, S and SE models only. Some of the vehicles shown in this brochure include options and accessories available at extra cost. And not all of the features described are available on every model. So please check the Equipment section for further details. From time to time, we also offer alternative Antara models such as Special Editions which are featured in separate literature or can be found on the website www.vauxhall.co.uk

EXPLORE ...

...your enthusiasm for creativity.

Bold lines, flowing curves and perfect proportions – Antara has the most expressive style in town. Compact, sophisticated and elegant, yet tough, dynamic and ready for an active life – with imposing alloy wheels, roof rails and protective skid plates. Be inspired by your new Antara – wherever your drive takes you.

EXPLORE ...

...your reputation for individuality.

Wherever you're headed, go your own way. Don't just be different – do it with style and purpose. Just like the new Vauxhall Antara, your perfect companion.

EXPLORE ...

... your passion for the finer things in life.

The Antara interior is full of light and space, with high quality trim, premium finishes and incredible levels of equipment. Leather trim, electronic climate control, MP3 format, sat nav and heated front seats are all available. And a high driving position gives you confidence, control and a great view of the road ahead.

EXPLORE ...

...your talent for lateral thinking.

With room for five adults and up to 1420 litres of versatile loadspace, Antara is more than a match for your active lifestyle.

EXPLORE...

...your need for adventure.

If you're going to get out and about, do it with style. Antara's powerful engines and intelligent four-wheel drive let you discover true freedom.

Go anywhere any time.

Developed with the driver in mind, the Antara features sports suspension that together with a unique combination of intelligent four-wheel drive and electronic chassis safety systems gives an unrivalled drive.

Descent Control System. DCS enhances driver control on slippery slopes by maintaining a constant incline descent speed. Fitted as standard equipment, it allows drivers to make potentially tricky descents far more comfortably and at safer, constant speed.

Intelligent four-wheel drive. Few of us need permanent four-wheel drive, so the electronically controlled Antara system switches automatically between two- and four-wheel drive as conditions demand. In normal driving, power goes to the front wheels only, saving fuel at the same time. And when conditions turn difficult or slippery, four-wheel drive is automatically engaged, switching the drive as required to the front and rear wheels for optimum traction.

Electronic Stability Programme (ESP). Every Antara benefits from a unique interaction between switchable ESP, Traction Control (TC) and Descent Control System (DCS), all working together with the intelligent four-wheel drive to deliver high degrees of driving satisfaction, comfort and active safety. If a wet roundabout or muddy corner catches you out, ESP applies corrective braking to help you regain control. TC helps maintain traction under acceleration.

Intelligent ABS. The Antara Anti-lock Braking System (ABS) is supported by Emergency Brake Assist, Electronic Brakeforce Distribution and Cornering Brake Control, making the car even easier to control and stop in emergency cornering and braking conditions.

See page 43 for more explanation of ESP, DCS and intelligent four-wheel drive.

◀ ▶ **Security features.** Remote control central deadlocking, ultrasonic security alarm system and an electronic engine deadlock immobiliser are standard on every Antara. Our clever door-to-door illumination feature keeps the dipped headlights and rear lights on for 30 seconds to light your way as you leave the car.

▼ **Vauxhall ISOFIX.** The outer rear seats on every Antara model are fitted with secure mounting points as part of the ISOFIX child seat restraint system. Used with the Vauxhall accessory DUO ISOFIX child seat (not included), this virtually eliminates the dangers that can result from improper seat installation.

▼ **Parking distance sensors.** This clever Vauxhall system helps safeguard your car when parking. Sensors in the Antara SE bumpers provide an audible warning when they sense an object behind – or in front of – the vehicle, making it altogether easier to park.

Front lights. For safer winter driving, front fog lights are standard on every model, recessed into the lower valance. Xenon headlights, with dynamic beam levelling and high-pressure washers, are standard on Antara SE.

▶ **Safety features.** Antara protects you in so many ways. Front, side and full-size curtain airbags are standard, along with pyrotechnic body-lock seatbelt pretensioners for the front and outer rear seats. Adaptive brake lights flash when the ABS braking is activated.

▶ **Tyre pressure monitoring system.** Antara SE models permanently monitor individual tyre pressures using sensors located on the tyre valves, displaying the information on the colour monitor. If a significant pressure loss is detected, the colour monitor display identifies the offending tyre.

Safety and security that surrounds you.

The new Vauxhall Antara takes great care of you and your passengers. With a wide range of the latest safety features, from airbags to adaptive brake lights – even on-the-move monitoring of the tyre pressures – be assured, you are in good hands.

Change up for driving excitement.

Antara's high-tech petrol and diesel engines provide strong performance – on and off the road. Coupled with a choice of manual and automatic transmissions, they're perfectly matched to the car's intelligent four-wheel drive.

▶ **Automatic transmission.** Rare for this class, a five-speed ActiveSelect® automatic transmission is available (at extra cost) with the 150PS 2.0CDTi 16v diesel engine. Electronically controlled features include an adaptive driving function and a winter mode.

◀ **Manual transmission.** Both petrol and diesel Antara engine choices come with a slick but sturdy five-speed manual gearbox.

2.4i 16v petrol. The Antara E 140PS petrol engine is both responsive and responsible, combined with high torque (220Nm max.) for effortless flexibility. This new Vauxhall engine has balancer shafts to ensure smooth power delivery through the five gears.

2.0CDTi 16v diesel. Delivering 150PS and 320Nm of low end torque, the Antara diesel choice features the latest common rail technology, combined with variable turbo geometry for superior performance and economy. Like the Antara petrol engine, it benefits from 20,000 miles/one year service intervals.

◀ **Diesel Particulate Filter (DPF).** Diesel Particulate Filters provide an effective means of reducing particulate emissions into the atmosphere. The maintenance-free Antara unit can cut the output of harmful emissions by over 90%. That's why it's standard equipment on the 2.0CDTi 16v diesel unit.

▼ **Sensing features.** The Antara driver environment is packed with clever ideas helping you concentrate on the road ahead. On S and SE activate the rain-sensitive wipers and they'll switch themselves on automatically when it rains. Automatic lighting control does the same for the headlights when it starts to get dark.

▶ **Satellite navigation.** Standard on Antara SE so you need never get lost in traffic again. The DVD 100 stereo radio/six-disc CD autochanger has MP3 CD format, sat nav with a colour monitor and fully integrated mobile phone connectivity with voice activation and Bluetooth® wireless technology.*

▼ **Cruise control.** Standard on Antara S and SE, the easy-to-use cruise control system allows you to maintain a steady speed without keeping your foot on the throttle. So it's more comfortable on long journeys and easier to keep to speed limits too.

▶ **Seating position.** You don't just sit high up in Antara. You relax in total comfort, thanks to driver's seat height, tilt and lumbar adjustment, plus a reach and rake adjustable steering column. S and SE models feature heated front seats – with three separate heat settings.

* See Vauxhall Car and Accessory Price Guide for details of compatible mobile phones.

▶ **Quality audio.** Standard on S and E the CD 30 MP3 stereo radio/CD player plays MP3 tracks from CD. Every Antara has seven speakers and steering wheel mounted audio controls.

▶ **Bluetooth®.** With Vauxhall's accessory mobile phone adaptor*, your phone interfaces with the car's audio unit, for full operation via the steering wheel controls and fascia display. Bluetooth® wireless technology with voice activation is included. Standard on Antara SE models.

▶ **Handbrake.** The uniquely styled handbrake and passenger grab handle reflects not only Antara's premium quality level, but its sturdy SUV character. The same close attention to detail is also evident in the interior trim inserts and the detailing to the steering wheel and gear knob.

You're in command and in control.

Antara's high driving position and commanding view are complemented by a softly sculpted fascia designed to make driving easy. Clear instrumentation and displays are matched by ergonomic positioning of all the switches and controls.

◀ **Leather trim.** Antara SE models feature stylish leather seat and door trim, in Charcoal or Saddle Brown to suit your exterior colour. It's complemented by high gloss, wood-effect décor trim on the fascia and doors, adding to the upmarket feel.

Heated front seats. On Antara S and SE models, heating elements in the seat backs and cushions enable the front seats to reach a comfortable temperature in a very short time. There are three separate heat settings.

Front centre armrest. The centre console includes a comfortable armrest. Open the lid and you'll find more storage space for loose items like sweets, coins, CDs and other personal effects.

▲ ▼ **Air conditioning and ECC.** Standard on Antara E, air conditioning makes for a fresher interior atmosphere all year round. S and SE models move up to Electronic Climate Control enabling you to maintain the interior temperature to within a single degree, and even keep your drinks cooled inside the glovebox.

▶ **Rear drinks holders.** Conveniently mounted at the rear of the centre console, the two pop-out drinks holders are the perfect place for en-route refreshments, and typical of Antara's attention to rear passenger comfort. The whole unit can be stored conveniently away when not in use.

▲ **Heat-reflective windscreen.** On Antara S and SE models, a multi-layered coating inside the windscreen reflects the sun's heat, helping the electronic climate control maintain a pleasant – and constant – temperature inside the car.

▶ **Centre console waste container.** The removable waste container – with lid – is yet another neat Antara idea, making it easier to keep the car tidy. Available on E and S models it mounts conveniently in one of the two centre console drinks 'indents', easily within reach, next to the handbrake.

▶ **60/40 split-folding rear seats** All Antara models feature a 60/40 split-folding rear seat with adjustable backrest. Tilted forward into the upright position, these provide extra usable luggage capacity.

Take it easy in style and comfort.

Inside Antara you'll find premium comfort and convenience blended with contemporary style. A comprehensive range of available features will make you and your passengers feel at home. Sit back and enjoy the ride.

As versatile as you want to be.

Maximum flexibility inside – numerous possibilities outside. Clever use of interior space, coupled with some equally smart feature innovations ensure that the Antara load area is not just capacious, but hugely versatile.

◀ ▶ **FlexOrganiser®.** Antara is pre-fitted with mounting points for our innovative accessory FlexOrganiser® system – side rails with sliding hooks and specially devised storage nets and pockets. With all your belongings safe in predefined compartments, it's the smart, versatile way to manage your load area.

▶ **Roof rails.** Antara's stylish silver-effect integral roof rails don't just look good. They're the perfect starting point for the Vauxhall roof rack system. Attach the accessory base carrier and it's ready for a wide range of lockable travel boxes and other specialist fittings for skis and more.

▶ **Spacious load area.** Open the tailgate. Enjoy the space. An incredible 1420 litres of loadspace to be exact – with the rear seats folded forward. Even with all five seats in use, and the luggage compartment cover in place, a 928mm long floor length translates to as much as 370 litres of loadspace – easily enough for several large suitcases. If you need room for longer luggage, the rear seat back is 60/40 split-folding, so you can carry what you need and still have room for rear seat passengers.

▶ **Flex-Fix®.** Available from early 2008, the revolutionary Flex-Fix® rear carrier system* incorporates an integrated carrier for two bikes, so you don't need a separate roof or rear carrier. Most of the time Flex-Fix® stays hidden, but when the need arises, you simply extend it, attach the extra rear lights, fix your bikes to the carrier and off you go.

*Requires an additional number plate at extra cost.

▶ **Practical stowage.** Antara has plenty of clever storage space. In the front you'll find door pockets, drinks holders, a sunglasses storage pocket, passenger seat undertray and storage in the front centre armrest. There are drinks holders and front seat back storage pockets for rear passengers too.

EXPLORE ...

... your flair for individuality.

ANTARA E

Standard features include:

- Intelligent four-wheel drive
- Switchable Electronic Stability Programme (ESP) with traction control
- Anti-lock Braking System (ABS)
- Descent Control System (DCS)
- Driver's and front passenger's airbags
- Front seat side-impact airbags
- Front and outer rear seat full-size curtain airbags
- Air conditioning
- Engine deadlock immobiliser
- Remote control ultrasonic security alarm system
- Remote control two-stage central deadlocking
- Door-to-door illumination
- Steering column adjustable for reach and rake
- Front fog lights
- Automatic self-levelling rear suspension (diesel models only)
- Retractable luggage compartment cover
- Silver-effect roof rails
- Electrically adjustable/heated door mirrors
- CD 30 stereo radio/CD with MP3 format
- Steering wheel mounted audio controls
- 17-inch alloy wheels with 235/60 R 17 low profile tyres

Accessories

Vauxhall accessories are the right choice for your Antara. Whatever you're into, there's certain to be a Vauxhall accessory with your name on it. Available individually or in special packs, we've only featured a small selection here. The Vauxhall Car Accessory Brochure and Car and Accessory Price Guide give further details. Or check out our website at www.vauxhall-accessories.com

▼ **Irmscher sports silencer with dual branched split oval design chrome-plated tailpipes.**

Developed in conjunction with auto design specialists Irmscher International, Antara styling accessories perfectly complement the vehicle's lines, and are manufactured to the same exacting standards as the car itself. The model illustrated features a body-colour front lower spoiler, cross hatch grille with aluminium upper and laser-etched 'Irmscher' logo, side running boards, stainless steel door handle covers, uprated and lowered spring kit, 20-inch Evo Star alloy wheels and body-colour rear roof spoiler.

▼ **Base carrier and premium bicycle carrier.** This innovative carrier has a moulded profile that holds the bicycle upright, leaving both hands free to secure it. Two bicycle carriers may be fitted onto the Vauxhall accessory base carrier (shown), which supports a range of travel boxes and other attachments.

▲ **FlexOrganiser®.** The unique FlexOrganiser® system gives you maximum stowage flexibility and versatility. The fixation rails are fitted as standard in the side walls of the luggage compartment. Then just choose from the selection of partitioning and fixation elements to ideally configure the load compartment.

▶ **Tow bar and 12N electrics.** Tow in confidence with the detachable Antara tow bar. It won't get in the way when you don't need it, but it's easy to mount when you do. And naturally it's tested to comply with top European standards.

▶ **Floor mats.** Offered in a choice of styles (rubber and velour), Antara floor mats help protect your vehicle's carpet from everyday wear and tear. All mats have an anti-slip underside.

▲ ▼ ▶ **Protection Pack.**

- Velour floor mats
- Mudflaps
- Cargo liner

▶ **Travel Pack.**

- First aid kit
- Warning triangle
- Spare bulb kit (not for Xenon headlights)
- Fire extinguisher
- Hi-visibility vest

▲ ▼ **Protection Pack Plus.**

- Paint and trim protection
- Velour floor mats
- Mudflaps

▲ **Cargo liner.** This semi-rigid moulded plastic liner with lipped sides fits easily and snugly into the Antara load area. It is designed to provide excellent protection for the loadspace floor area, yet is easily removed for cleaning.

Show your true colours. Antara is available in a carefully selected range of paint and interior finishes. All our colours and seat trims, including the premium leather upholstery, are designed to perfectly complement Antara's dynamic and stylish personality.

Due to the limitations of the printing process the colours reproduced may vary slightly from the actual paint colour or trim material. As a result they should be used as a guide only. Your Vauxhall retailer has a comprehensive display of all our paint samples and trim swatches.

Front, side-impact and curtain airbags.

Tyre Pressure Monitoring System.

Steering column adjustable for reach and rake.

Safety

Standard features: • Driver's airbag • Front passenger's airbag • Front seat side-impact airbags • Full-size curtain airbags • Energy-absorbing steering column • Pedal release system – Reduces potential injury to the driver's legs and feet during a severe frontal impact • Laminated windscreen • Side-impact protection beams • Integral protective side door padding • Reinforced passenger safety cell • Deformation zones front and rear • Burst-proof door locks and anti-jam door design • Child-proof locks on rear doors

• ISOFIX child seat restraint system for outer rear seats (does not include child seat) – Secures ISOFIX child safety seats to the vehicle itself, virtually eliminating the dangers that can result from improper installation

• Switchable Electronic Stability Programme (ESP) with traction control – see **D1** on page 43 • Anti-lock Braking System (ABS) • Electronic Brakeforce Distribution – Distributes the braking force between the wheels most able to use it, allowing stable and efficient braking • Cornering Brake Control – see **D2** on page 43 • Emergency Brake Assist – Increases applied brake force in emergency braking situations • Descent Control System – see **D3** on page 43 • Adaptive Brake Lights – If the driver brakes hard enough to activate the ABS the brake lights flash on and off at the rate of four times per second, thus warning following vehicles that heavy braking is in progress

• Height-adjustable front and rear seat head restraints • Pyrotechnic front and outer rear body-lock seatbelt pretensioner system – Tightens the seatbelt during the early stages of a frontal impact • Front and outer rear seatbelt force limiters – Reduce potential upper body injuries during a frontal impact • Anti-submarining ramps in all seats – Help prevent occupants sliding underneath the lap belt during a collision

Satellite navigation

The DVD 100 satellite navigation system uses the international network of GPS (Global Positioning System) satellites, linked to a comprehensive mapping system, to determine your precise location and guide you to your chosen destination virtually anywhere in mainland Britain. It also offers trunk road navigation across many European countries.

Entering your destination has never been easier, so you can start your journey quickly and without fuss, and it's just as simple to use when on the move. The colour monitor has a split-screen facility, which displays half the screen as a route map while the other half shows directional arrows to give immediate information about road junctions and, if that was not enough, there are audible direction prompts to give details about road numbers and motorway junction numbers too. You can even plan your route to avoid toll roads.

DVD 100 includes a travel guide that allows you to browse details of restaurants, hotels and other points of interest. These details can include information such as pictures, addresses and telephone numbers. Selecting your desired destination enters it straight into the navigation system.

The DVD 100 also features Traffic Message Channel (TMC), a specific application of RDS used for broadcasting real-time traffic information, delivered to the driver either visually or verbally. TMC can also offer dynamic route guidance – alerting the driver to a problem on the planned route and calculating an alternative route to avoid the incident.

Mobile phone system with Bluetooth®

Vauxhall's factory-fit dual-band mobile phone system is fully integrated into the audio and communication system. It features voice control and will connect wirelessly to phones with Bluetooth® technology.

All the required information is displayed on the colour monitor when a mobile phone is in use, while the menus are easily navigated by either the steering wheel audio controls or the multi-function button on the radio. Certain functions can also be controlled by voice activation.

Mounted on the centre console, the phone system base unit can be fitted with a cradle (available as an accessory) for many different mobile phones. A list of available cradles is featured in the Vauxhall Car and Accessory Price Guide.

Steering wheel mounted audio controls.

320Nm
Torquey diesel is superbly flexible

41.5mpg
Turbo diesel engine can exceed 40 miles per gallon

Transmission
Five-speed manual and automatic versions available

Engines

	2.4i 16v ECOTEC-4 Petrol	2.0CDTi 16v ECOTEC-4 Turbo diesel with Diesel Particulate Filter (DPF)
Capacity	2405cc	1991cc
Maximum power	140PS (103kW) @ 5200rpm	150PS (110kW) @ 4000rpm
Maximum torque	220Nm (162 lb.ft.) @ 2400rpm	320Nm (236 lb.ft.) @ 2000rpm
Configuration	4 cylinders, 4 valves per cylinder, double overhead camshafts	4 cylinders, 4 valves per cylinder, single overhead camshaft
Fuel/induction system	Naturally aspirated, Multi-point sequential fuel injection	Variable geometry turbocharger with intercooler, Common rail fuel injection
Service intervals	20,000 miles or 1 year (whichever occurs sooner)	
Benefit in kind company car taxation – 2007/08 tax year		
Manual	32%	29%
Automatic	–	35%

Performance, fuel economy and emissions

	Performance (manufacturer's figures)		Fuel economy mpg (litres/100km)			CO ₂ emissions (g/km)
	Maximum speed (mph)	Acceleration 0-62mph (secs)	Urban driving	Extra-urban driving	Combined figure	
2.4i 16v	108	12.4	21.2 (13.3)	38.7 (7.3)	29.4 (9.6)	229
2.0CDTi 16v	111	11.1	32.5 (8.7)	41.5 (6.8)	37.2 (7.6)	198
2.0CDTi 16v automatic	110	12.8	25.9 (10.9)	38.7 (7.3)	32.8 (8.6)	238

The fuel consumption figures shown comply with EC directive 1999/100 to provide a realistic indication of fuel consumption by taking into account everyday driving conditions, such as cold starts, acceleration, braking and even differences in the weight of models with the same engine. **Important:** the results given relate to the particular car tested, inevitably there are differences between individual cars of the same model. In addition, some cars may incorporate particular modifications. Driving style, road and traffic conditions, vehicle mileage and standard of maintenance may also affect fuel consumption; therefore the results do not express or imply any guarantee of the fuel consumption attainable.

Vauxhall Assistance and warranties*

- A one-year unlimited mileage manufacturer's warranty
- Second and third year no-fee customer option warranty up to 60,000 miles (from first registration)
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

* = Warranty is only available on vehicles sourced from Vauxhall Motors Ltd. Terms and conditions apply - please see your Vauxhall retailer for details.

Optional transmission

Five-speed automatic transmission with Active Select function:

Available at extra cost on 2.0CDTi 16v models. Electronically controlled with adaptive driving function and winter mode. Fluid drive with torque converter, lock-up clutch and Active Select.

Steering

- Speed-sensitive power-assisted steering
- Turning circle (kerb-to-kerb): 12.4m (40.7ft.)

Suspension

Front: Independent. Lightweight MacPherson struts with gas-pressure dampers and coil springs. Anti-roll bar.
Rear: Independent. Multi-link with coil springs and gas-pressure dampers. 2.0CDTi 16v models feature automatic self-levelling rear suspension. This system is integrated within the dampers and requires no external power source.

Brakes

- Anti-lock Braking System (ABS)
- Dual circuit, diagonally split braking system

All models

Front ventilated discs: 296mm diameter
Rear ventilated discs: 303mm diameter

Body

- Aerodynamic drag co-efficient: Cd 0.38

Fuel tank capacity

65 litres (14.3 gallons).

Rear suspension includes automatic self-levelling on 2.0CDTi 16v models.

Diesel Particulate Filter (DPF).

Exterior dimensions millimetres (inches)

Off-road capabilities

- Max. ground clearance
200mm (7.9 inches)
- Max. wading depth
450mm (17.7 inches)
- Max. approach angle **A**
24°
- Max. departure angle **B**
16°
- Max. ramp angle
14°

Luggage capacities (measured using the ECIE method)

	litres	cu.ft.
Rear seats up (under luggage compartment cover)	370	13.1
Rear seats folded (to upper edge of front seat back)	865	30.5
Rear seats folded (to roof)	1420	50.1

Loadspace dimensions

	mm	inches
Maximum length (behind rear seats)	928	36.5
Maximum length (rear seats folded)	1740	68.5
Maximum width	1320	52.0
Width between wheel arches	967	38.1
Loading height	828	32.6

Weights and towing data kg

	Kerbweight (Gross vehicle weight)	Max. towing weights Trailer with brakes (without brakes)
2.4i 16v	1746 (2272)	1500 (750)
E 2.0CDTi 16v	1792 (2505)	2000 (750)
E 2.0CDTi 16v automatic	1812 (2505)	1700 (750)
S 2.0CDTi 16v	1801 (2505)	2000 (750)
S 2.0CDTi 16v automatic	1821 (2505)	1700 (750)
SE 2.0CDTi 16v	1810 (2505)	2000 (750)
SE 2.0CDTi 16v automatic	1830 (2505)	1700 (750)

Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. To determine total carrying capacity, deduct kerbweight from gross vehicle weight. Note that the figure obtained will include the weight of the driver, passengers and any optional equipment or accessories. The **maximum roof rack loading** should not exceed 100kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 70kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 80kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee.

D1. Switchable Electronic Stability Programme (ESP)
ESP helps the driver maintain full control of the vehicle during adverse or emergency conditions. ESP technology is designed to monitor both the front and rear of the car independently and compare their respective directions of travel with the driver's steering wheel input. If either the front **A** (understeer) or rear **B** (oversteer) of the vehicle begins to slide, ESP gently applies corrective braking to the appropriate individual road wheel, controlling the slide and maintaining safe progress.

A When a vehicle is understeering excessively, ESP will apply a braking force to the inside rear wheel, slowing it down and increasing the vehicle's yaw angle to help the front wheels change direction. **B** During the more unusual oversteering situation, ESP will apply the correct braking force to the outside front wheel, which will reduce the yaw angle and bring the vehicle back under control. The system fitted to Antara can be switched off for those situations where a certain amount of wheelspin is desirable in order to maintain forward or backward motion – such as on snow or especially slippery ground.

D2. Anti-lock Braking System (ABS) with cornering brake control
Cornering brake control makes the car easier to control in extreme situations, particularly when braking sharply on a bend. It is particularly effective when carrying out emergency procedures, such as avoiding a child's ball that's rolled out from the kerb. The system works by sensing the different rotational speeds of the individual road wheels and co-ordinating the level of braking pressure applied to each wheel. Cornering brake control is an integral part of Antara's comprehensive ABS.

D3. Descent Control System (DCS)
DCS allows controlled descent on downward slopes without locking the wheels. Operating at speeds up to 30mph the system uses the ABS sensors to monitor wheel speed and brakes automatically without locking the wheels. On severe inclines the system also allows for a more controlled descent at a constant 6mph by braking the front wheels. This low-speed descent is activated by selecting first gear (D for automatic transmission) while stationary at the top of the slope and then allowing the vehicle to roll forward (without using the accelerator) and then activating the DCS button. The system also operates in reverse gear, though at a slightly lower speed.

D4. Electronically controlled four-wheel drive coupling
This electro-hydraulic coupling is at the heart of Antara's intelligent four-wheel drive system. It reacts to road conditions through inputs from the ESP, ABS and traction control sensors. Under normal conditions **A** Antara operates in front-wheel drive mode for optimum efficiency. However, as soon as the sensors indicate that four-wheel drive is necessary **B** a precise electrical charge is applied to the coupling which then delivers the correct amount of torque to the rear wheels within milliseconds. In extremely slippery conditions it enables the power to be split 50:50 between the front and rear axles for maximum traction.
