# DRIVE YOUR EMOTIONS

## **Bold. Pure. Iconic. Astra GTC puts passion high on the agenda.**

Its stunning, coupé-like profile and distinctive, blade-inspired lines speak volumes about Vauxhall's design philosophy. With distinct personalities for both Sport and SRi models and dramatic styling cues. Eagle-eye headlights with optional bi-xenon Adaptive Forward Lighting. Striking 18-inch alloy wheels. And a poised, muscular stance. Set off by signature lighting. In short: a clear declaration of sporting intent. And presence to die for.

SRi model illustrated. Navi 600 satellite navigation system and 20-inch alloy wheels are optional at extra cost.

The vehicles illustrated within this brochure may not necessarily represent the correct final UK specification and not all the features described are available on every model.

Astra GTC

# UNLEASH YOUR PASSION

**Astra GTC: the designer's dream made reality, above and below the skin.** With a bespoke sports chassis, specifically tuned to the demands of UK roads. Featuring HiPerStrut (High Performance Strut) front suspension and Watt's link rear set-up across the range. The HiPerStrut system improves grip and allows more power to be applied during cornering, significantly reducing torque steer; the Watt's link comes straight from the racetrack, reducing lateral movement at high speed for a smooth and stable ride.

**Optional FlexRide with Continuous Damping Control.** Adds even greater precision to the Astra GTC driving experience, responding instantly to data collected from the car's chassis and drive components. Just the mere touch of a button changes the whole driving dynamic to taut sporting excitement or relaxed long distance cruising.

SRI model illustrated. Navi 600 satellite navigation system and Adaptive Forward Lighting are optional at extra cost.

SRi model illustrated with Jet Black Imola Cloth seat trim. FlexRide, Navi 600 satellite navigation system and Infinity® Premium Sound System are optional at extra cost.

# ENERGISE YOUR SENSES

**Striking in its trademark blade motifs**, the Astra GTC's pure and overtly sporting exterior receives a powerful echo throughout the interior's strong lines, with defined textures, unique Astra GTC sports detailing and unashamedly proud contours. Premium-quality design cues combine with advanced features – including standard DAB radio and USB connection plus the availability of Bluetooth® connectivity and the very latest SD card-driven satellite navigation system – to create a sporty yet spacious driving environment that's guaranteed to invigorate your whole driving experience.

**Imposing alloy wheel designs**, a full compliment of airbags and the fitment of air conditioning as standard all feature in the new model's impressive equipment inventory. While an extensive list of options including full leather interior with ergonomic sports front seats, advanced Adaptive Forward Lighting provide further evidence of the Astra GTC's talent to impress. But whichever model you choose, Sport or SRi, one thing is clear: Astra GTC has the ability to excite. And a mission to energise the senses.

# FULFIL YOUR POTENTIAL

**Visually, Astra GTC takes your breath away.** Performance-wise, Vauxhall's sensational new arrival carries your strongest emotions in its wake. The potential is limitless. Choose from four powerful yet efficient engines – all turbocharged and all matched with a slick, six-speed transmission. Free-revving 120PS or 140PS 1.4i 16v VVT Turbo petrol engines. A third petrol unit, the 1.6i 16v Turbo, producing an uncompromising 180PS. Or the highly flexible 2.0CDTi 16v common rail turbo diesel, good for an impressive 165PS.

With all this power comes responsibility. So Astra GTC also features Vauxhall's cutting edge Start/Stop fuel saving and emissions reduction technology. The innovative system switches the engine off when you stop at the lights or in traffic, then restarts it automatically once the clutch is depressed. A wide range of in-built safety checks ensures total peace-of-mind in all circumstances. It's fitted as standard to all Astra GTC models except the 1.6i 16v Turbo version.
