MERIVA COMPANY CAR DRIVER/FLEET INFORMATION

MERIVA TECH LINE. HIGH SPEC, LOW P11D

High spec. Impressively low P11D values. Our new Tech Line models are highly desirable to both Fleet Decision Makers and Company Car Drivers. With CO₂ emissions from just 124g/km and fuel consumption of up to 60.1mpg (combined) Tech Line's impressive standard specification includes front and rear parking distance sensors, Bluetooth®, heated front seats and a heated leather-covered steering wheel.

COMPANY CAR DRIVER FREE* 3 DAY TEST DRIVE

Our free* 3 Day Test Drive programme is open to all Company Car Drivers which allows you to choose any model in the current Vauxhall line-up (excluding Ampera, all VXR models and Commercial Vehicles), with full insurance cover provided, to give you a meaningful length of time to make an informed decision about your next company car.

Click below to book your free* test drive
www.vauxhall3dtd.co.uk
 or call 0870 240 4848**

*The free 3 Day Test Drive programme is open to Company Car Drivers and excludes fuel and lubricants; congestion charges; parking and speeding fines and the £250 insurance excess (if applicable). It features a wide selection of models from the Vauxhall range (excluding Ampera, all VXR models and Commercial Vehicles and subject to availability). Drivers must be aged 25 years or over, have held a full driving licence for at least a year and hold a major credit card. You will need to have your driving licence (and proof of identity (i.e. passport) where the driving licence is not a photocard licence) when your car is delivered. While every effort will be made to ensure that at least 3 days are provided for the test drive, this cannot always be guaranteed due to delivery and collection dates and timings. Available for UK Mainland only. Terms and conditions apply. **Telephone lines open Monday-Friday 9.00am to 5.00pm excluding Bank Holidays. Calls may be recorded or monitored for quality and/or training purposes.

FLEET TOOLBOX

Discover the facts in our online Toolbox for both Company Car Drivers and Fleet Decision Makers. The Fleet Toolbox has a host of useful calculators, comparators, interactive listings and information. Visit the Fleet Toolbox by going to www.vauxhall-toolbox.co.uk

BENEFIT IN KIND COMPANY CAR TAXATION†

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO₂ emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20% for Basic Rate, 40% for Higher Rate) to calculate your annual benefit in kind tax liability.

Example:

Meriva Tech Line 1.3CDTi 16v (75PS) 5-door MPV (CO₂ emissions 124g/km)	
On-the-road RRP	£15610.00
Deduct: Vehicle Excise Duty	(£0.00)
New vehicle first registration fee	(£55.00)
Effective list price	£15555.00
Add: Optional two-coat metallic paint	
	£525.00
List price for tax purposes (P11D value)	£16080.00

Car benefit charge	
2013-14 tax year (19%)	£3055.00
Benefit in kind tax liability (2013-14 tax year)	
Basic Rate (20%) tax payer	£611.00
Higher Rate (40%) tax payer	£1222.00

MERIVA FEATURES/OPTIONS

SATELLITE NAVIGATION

The optional Navi 650/950 satellite navigation systems offer dynamic route guidance via RDS-TMC (Traffic Message Channel) with directions given audibly and via the 7-inch colour monitor. TMC is a specific application of RDS used for broadcasting real-time traffic information. It alerts the driver to a problem on the planned route and calculates an alternative route to avoid the incident.

In addition to route planning criteria such as 'shortest distance' or 'avoiding toll roads', you can now select an energy-optimised 'green route'. Here you can specify parameters such as if you are towing a caravan or have a roof box fitted. The system will use this information, in conjunction with known factors including your vehicle's weight and engine type, to calculate the most fuel-efficient route.

The Navi 650 system covers all major link roads and streets in towns and cities across mainland Britain and Ireland, plus trunk and main roads for Western Europe. Additional country-specific maps with street level detail are available to download. Navi 950 IntelliLink covers street level mapping across Europe. The CD player plays regular audio CDs and MP3 tracks recorded to CD.

NAVI 950 INTELLILINK

The Navi 950 audio system includes the latest IntelliLink technology, designed to support portable Bluetooth® and USB audio devices, so you can hook up your smartphones or tablets to make calls and access your own music, slideshows, podcasts and more.

DIGITAL RADIO

Now widely available in the UK, digital multi-media broadcasts offer the user a variety of advantages over traditional FM, starting with the digital quality sound which is immune to any hiss or crackle. You'll often find a broader range of stations on offer too, many of which are not available on FM, and listening to them couldn't be easier – you simply select the station, by name, from the displayed list, thus removing the need to retune or look for stations when travelling around. Some stations will even display the artists' names and song titles on the car's graphic display, while they're played.

AUX-IN SOCKET

The aux-in socket allows you to connect your portable MP3 music player directly into the car's audio system. All you need is your music player and a suitable connecting lead and you can listen to all your favourite tunes through your car's speaker system. Using your MP3 music player in the car couldn't be easier – use it to select the music, as you would normally do, while controlling the volume via the car's regular volume controls.

USB CONNECTION

Fitted as standard on all MERIVA (excluding Expression) models, the USB connection is located alongside the aux-in socket in the centre console. It provides iPod control and read-out of iPod functions through the audio system display. Traditional aux-in sockets only allow control of volume through the car's audio system. The USB connection also means that the iPod will charge whilst it is connected.

MOBILE PHONE SYSTEM WITH BLUETOOTH®

Fitted as standard to Meriva Energy and Tech Line models, available as an option on S, Exclusiv, and SE models. Vauxhall's factory-fit mobile phone system has been considerably enhanced. Now fully integrated into the audio and communication system, it also features voice control* and will connect wirelessly to phones with Bluetooth® technology.

All the required information is displayed on the graphic information display when a mobile phone is in use, while the menus are easily navigated by either the steering wheel audio controls or the multi-function button on the radio.

* = Please note, voice control is not available with Navi 650 units.

Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The maximum roof rack loading should not exceed 60kg. The maximum towing weights are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, maximum noseweight should not exceed 75kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee.

ON-THE-ROAD PRICES

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include the recommended cost of number plates and delivery to a Vauxhall retailer of £700.00 (including £116.67 VAT), 12 months' Government Vehicle Excise Duty (see opposite for details) and the DVLA new vehicle first registration fee of £55.00*.

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the retailer, motor insurance or any other goods or services supplied by agreement between the retailer and the customer.

PRICE PROTECTION

Order a new Vauxhall for build in the current model year (as confirmed by your retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available. General Motors UK Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

VEHICLE EXCISE DUTY

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO₂) emissions produced by the vehicle. CO₂ emissions are measured in grammes (g) per kilometre (km) travelled and divided into 13 charging bands shown in the table below.

From 1 April 2010 the Government introduced a new 'first year rate' of Vehicle Excise Duty payable on all new cars. In subsequent years the amount of Vehicle Excise Duty payable will revert to the standard rate.

Vehicle Excise Duty*

	CO ₂ emissions	First year rate	Standard rate
Band A	up to 100g/km	£0.00	£0.00
Band B	101-110g/km	£0.00	£20.00
Band C	111-120g/km	£0.00	£30.00
Band D	121-130g/km	£0.00	£105.00
Band E	131-140g/km	£125.00	£125.00
Band F	141-150g/km	£140.00	£140.00
Band G	151-165g/km	£175.00	£175.00
Band H	166-175g/km	£285.00	£200.00
Band I	176-185g/km	£335.00	£220.00
Band J	186-200g/km	£475.00	£260.00
Band K	201-225g/km	£620.00	£280.00
Band L	226-255g/km	£840.00	£475.00
Band M	over 255g/km	£1065.00	£490.00

* = Correct at time of issue.

E10 FUEL

E10 fuel is cleared for use in all petrol-engined Vauxhall vehicles excluding models with the 2.2 litre direct injection petrol engine (code Z22YH) used in Vectra, Signum and Zafira models. Owners of these vehicles should continue to use regular unleaded or premium unleaded petrol.
