Vauxhall on-the-road recommended retail prices (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall Retailer of £583.33 (£700.00 including VAT), 12 months' Government Vehicle Excise Duty* (shown on each model page) and the DVLA new vehicle first registration fee of £55.00*.

Please note: The RRP does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and customer.

*Correct at time of publication.

Price protection for all Vauxhalls

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new commercial vehicle, but you must take delivery as soon as the commercial vehicle is available. Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

CORSAVAN EQUIPMENT / OPTIONS

SAFETY	Corsavan	Sportive	Limited Edition Nav	Price (£) exc. VAT
Airbags: • Driver's dual-stage airbag • Passenger's dual-stage airbag with deactivation switch • Side-impact airbags • Full-size-curtain airbags	●	●	●	
Seating: • Height-adjustable seat head restraints • Anti-submarining ramps – <i>Helps prevent occupants sliding underneath the lap belt during a collision.</i>	●	●	●	
Seatbelts: • Inertia-reel lap and diagonal seatbelts • Height-adjustable seatbelts • Seatbelt pretensioner system – <i>Pretensioners tighten the seatbelt in the event of an accident limiting forward movement.</i> • Seatbelt force limiters – <i>Reduces potential upper body injuries during a frontal impact.</i> • Seatbelt unfastened audible warning and warning light	●	●	●	
Body: • Pedal release system – <i>Reduces potential injury to the driver's legs and feet during a severe frontal impact.</i> • Laminated windscreen • Side-impact protection beams • Reinforced passenger safety cell • Fuel tank located ahead of rear axle	●	●	●	
Stability: Electronic Stability Programme+plus (ESP+plus) with traction control – <i>Works in conjunction with the vehicle's electronic braking and engine systems to keep the vehicle stable in many different situations. ESP monitors a variety of inputs to determine when the vehicle starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability.</i> Drag torque control – <i>Helps maintain stability when suddenly lifting off the accelerator.</i>	●	●	●	
Tyre pressure: • Tyre pressure monitoring system	●	●	●	
Braking: Four-channel Anti-lock Braking System (ABS) – Prevents the vehicle's wheels from locking up under heavy braking by momentarily reducing brake pressure at the appropriate wheel, ensuring that you can maintain control of the steering. Emergency brake assist – <i>When emergency braking is detected the vehicle automatically applies the maximum possible braking assistance.</i> Electronic brakeforce distribution – <i>Automatically apportions the optimum braking force to each wheel.</i> Hill start assist – <i>Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline.</i> Cornering brake control / Straight line stability control – <i>Senses the different speeds of each wheel and applies differing braking levels to each one to ensure the whole vehicle remains under control.</i>	●	●	●	
SECURITY				
Features: • Electronic engine deadlock immobiliser • Steering column lock • Electronic theft protection for audio equipment • 'Key left in ignition' audible warning • Visible Vehicle Identification Number (VIN) • Locking wheel bolts for alloy wheels	●	●	●	
Remote control door locking (doors, tailgate and fuel flap): • Remote control door locking • Two folding keys with integral remote • Door deadlocks	●	●	●	
Security alarm system: • Remote control – <i>Operates in conjunction with central locking.</i> • Tilt sensor • Thatcham approved	○	○	○	220.00

● = Standard equipment.

● = Standard equipment. ○ = Optional at extra cost.

Please note: The air conditioning in vehicles with N1 type approval relies upon fluorinated greenhouse gases (R134a) for its functioning. The front system contains a quantity of overall 580g of R 134a, which corresponds to a CO₂ equivalent of 0.83 tons. The front and rear system contains a quantity of overall 890g of R 134a, which corresponds to a CO₂ equivalent of 1.27 tons. The global warming potential amounts to 1430. Information acc. to R (EU) No. 517/2014.

The Combo Colorado is a fully glazed crew van without bulkhead suitable for conversion into a wheelchair accessible vehicle by a third-party Converter. The Colorado includes basic Type Approval for registration as a Category N* Commercial Vehicle and 2nd stage Type Approval must be completed by the Converter to enable registration. Available as an L2 H1 the Colorado is fitted with the highly efficient and economical 1.3CDTi (95PS) engine and includes second-row seats and interior trim.

Feature highlights:

- Type-approved for Euro 6 Category N* emissions
- Glazed between C- and D-pillars
- Air conditioning
- Two-coat metallic/brilliant paint
- Body-coloured mirrors and bumpers
- Height-adjustable driver's seat with armrest and lumbar support
- Nearside and offside side-access doors with sliding windows
- Glazed tailgate with wash/wipe facility

* = As a Category N Commercial Vehicle, the Colorado is subject to speed restrictions not applicable to a Passenger Vehicle. Please consult the DVSA website for further details.

COMBO EQUIPMENT / OPTIONS

	Combo	Sportive	Colorado	Price (£) exc. VAT
SAFETY				
Airbags:	●	●	●	
• Driver's dual-stage airbag				
• Front passenger's airbag with deactivation switch	○	○	○	235.00
Option code: AK5				
• Front passenger's airbag with deactivation switch • Driver and front passenger's side-impact airbags	○	○	○	385.00
Option code: AJ7				
Seating:	●	●	●	
• Height-adjustable head restraints				
• Active safety head restraints – <i>Front seats only.</i>	○	○	○	45.00
Option code: AJF				
Seatbelts:	●	●	●	
• Inertia-reel lap and diagonal seatbelts • Height-adjustable front seatbelts • Seatbelt pretensioner system – <i>Pretensioners tighten the seatbelt in the event of an accident limiting forward movement.</i> • Front seatbelt force limiters – <i>Reduces potential upper body injuries during a frontal impact.</i> • Seatbelt unfastened audible warning and warning light				
Body:	●	●	●	
• Laminated windscreen • Side-impact protection beams • Reinforced passenger safety cell • Fuel tank located ahead of rear axle				
Stability:	●	●	●	
Electronic Stability Programme–plus (ESP–plus) with traction control – <i>Works in conjunction with the vehicle's electronic braking and engine systems to keep the vehicle stable in many different situations. ESP monitors a variety of inputs to determine when the vehicle starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability.</i>				
Drag torque control – <i>Helps maintain stability when suddenly lifting off the accelerator.</i>				
Braking:	●	●	●	
Four-channel Anti-lock Braking System (ABS) – <i>Prevents the vehicle's wheels from locking up under heavy braking by momentarily reducing brake pressure at the appropriate wheel, ensuring that you can maintain control of the steering.</i>				
Emergency brake assist – <i>When emergency braking is detected the vehicle automatically applies the maximum possible braking assistance.</i>				
Electronic brakeforce distribution – <i>Automatically apportions the optimum braking force to each wheel.</i>				
Hill start assist – <i>Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline.</i>				
Fire protection system:	●	●	●	
• Fire protection system • Fuel cut-off				

SECURITY

Features:	●	●	●	
• Electronic engine deadlock immobiliser • Steering column lock • Electronic theft protection for audio equipment				
• 'Key left in ignition' audible warning • Lockable glovebox • Lockable fuel filler cap				
Remote control door locking (doors, tailgate and fuel flap):	●	●	●	
• Remote control door locking • Folding key with integral remote • Door deadlocks				
• Alarm pre-installation kit – <i>Accessory alarm available at extra cost.</i>	○	○	○	60.00
Option code: TJD				
• Third key	○	○	○	60.00
Option code: KTN				
• Third key with remote control – <i>Panel Vans only.</i>	○	○		85.00
Option code: Z1V				

● = Standard equipment. ○ = Optional at extra cost.

COMBO EQUIPMENT / OPTIONS

COMFORT AND SEATING

	Combo	Sportive	Colorado	Price (£) exc. VAT
Comfort: • Steering column adjustable for reach and rake • Floor-mounted handbrake lever • Cube cloth seat trim • Height-adjustable front seatbelts	●	●	●	
Seating: • Reach • Backrest recline	●	●	●	
• Driver's seat height adjuster • Armrest • Lumbar support – <i>Not available with vinyl seat trim.</i>	○	●	●	Option code: DCW 75.00
• Front passenger's seat with under cushion storage compartment – <i>Panel Van only. Not available with vinyl seat trim.</i>	○	○	○	Option code: BA8 35.00
Rear seating – Crew Van: • Three passenger rear seat • 'Fold and tumble' facility • 60/40 split seat back and cushion	●	●	●	
Vinyl seat trim: • Black vinyl seat trim – <i>Base models only. Not available with driver's seat height adjuster or front passenger's seat with under cushion storage compartment.</i>	○			Option code: TAiB 60.00

INTERIOR CONVENIENCE

Accessory sockets: • Facia-mounted 12-volt accessory socket	●	●	●	
Interior: • Storage compartment on driver's side facia • Illuminated glovebox with lid • Door storage pockets • Dipping rear-view mirror – <i>When glazed bulkhead and glazed rear doors / tailgate are specified.</i> • Twin sunvisors, front passenger's with vanity mirror • Driver and front passenger's tiltable assist handles • Two coat hooks • Door armrests • Overhead shelf – <i>Standard on H2 and Crew Van models.</i>	●	●	●	Option code: VVM 40.00
• Rear side panel storage (fully trimmed L1, part trimmed L2) and 12-volt accessory socket – <i>Crew Van models.</i>	●	●	●	
Lighting: • Centre fade up/fade down courtesy light • Illuminated load area	●	●	●	
Load Compartment Pack: • Overhead shelf • PVC load floor covering • 12-volt accessory socket in load area • Removable load area courtesy light – <i>Panel Van only.</i>	○			Option code: LPVX 130.00
Smoker Pack: • Removable ashtray • Illuminated cigar lighter	○	○	○	Option code: DT4 55.00

DRIVER ASSISTANCE

Multi-function trip computer: • Overall distance • Trip distance • Average fuel consumption • Instantaneous fuel consumption • Vehicle range based on remaining fuel • Distance and average speed since last reset	●	●	●	
Windscreen wipers: • Two-speed windscreen wipers • Variable intermittent wipe • Electric screenwash	●	●	●	
Parking assistance: • Rear parking distance sensors • Audible warning • Distance warning graphic shown in driver information display	○	○	○	Option code: UD7 205.00
Cruise control	○	○	○	Option code: K34 185.00

● = Standard equipment. ○ = Optional at extra cost.

COMBO EQUIPMENT / OPTIONS

DRIVER INFORMATION

	Combo	Sportive	Colorado	Price (£) exc. VAT
Instrumentation: • Speedometer • Rev counter • Trip odometer • Fuel gauge with low fuel warning light • Coolant temperature warning light	●	●	●	
ECO features: • Shift-up indicator – <i>Indicates when to change gear for optimum fuel economy.</i>	●	●	●	
Driver information display: • Monochrome display located in instrument cluster • Odometer • Service-due indicator	●	●	●	
Central fascia display: • Audio information • Digital clock with automatic RDS time adjustment • Outside air temperature with ice warning function • Additional features and location dependent on infotainment unit (see Infotainment for details)	●	●	●	
Warning indicators: • Low oil level, low brake fluid, brake pad wear, battery, seatbelt reminder, airbag failure / deactivation, charging system and emission control system failure	●	●	●	
Driver Pack: • CD/MP3 CD player / stereo radio / Bluetooth® connectivity for compatible mobile phones / aux-in socket / USB connectivity / AM/FM stereo radio with 24 station presets / RDS with Traffic Programme / steering wheel mounted audio controls • Leather-covered steering wheel • Leather-covered gear knob • Pre-installation for TomTom navigation system – <i>Excludes sat nav / cradle. Accessory sat nav and bespoke cradle combination available at extra cost.</i> Option code: LPW1	○	○	○	670.00

INFOTAINMENT

CD player / stereo radio: Onboard features: • CD player • AM/FM stereo radio with 24-station presets • RDS with Traffic Programme • Four speakers • 20 watts per channel output	●	●	●	
CD 50 multimedia: Onboard features: • CD/MP3 CD player • AM/FM stereo radio with 24-station presets • RDS with Traffic Programme • Four speakers • 20 watts per channel output • Steering wheel mounted audio controls Media connections: • USB connection • Aux-in socket Mobile phone portal: • Bluetooth® connectivity • Vehicle microphone Option code: UGi	○	○	○	495.00
Additional features: • Flexible roof-mounted aerial	●	●	●	

● = Standard equipment. ○ = Optional at extra cost.

COMBO EQUIPMENT / OPTIONS

HEATING AND VENTILATION

	Combo	Sportive	Colorado	Price (£) exc. VAT
Air blend heater: • Four-speed fan • Illuminated controls • Four adjustable facia vents • Windscreen demist vents • Side window demist vents	●	●	●	
Air conditioning: • Air recirculation facility • Cabin particulate filter – Removes dust, airborne particles and pollen. • Illuminated controls – Standard on Colorado models.	○	●	●	600.00 Option code: C60
Electronic climate control: • Incorporating air conditioning • Single-zone control • Six-speed fan • Advanced predictive logic control system using sun sensor • Cabin particulate filter • LCD temperature display • Automatic air direction and fan speed with manual override • Illuminated controls • Pollen filter – Mandates electrically adjustable / heated door mirrors with exterior temperature sensor at extra cost.		○	○	840.00 Option code: C68

SIDE ACCESS

Nearside access: • Nearside sliding side-access door • Unglazed – Standard on L2 H1 models.	▲	●		255.00
Offside access: • Offside sliding side-access door • Unglazed – Standard on L2 H1 models.		▲		200.00
Nearside and offside access: Side-access doors: • Nearside sliding side-access door • Unglazed • Offside sliding side-access door • Unglazed – Standard on L2 and Crew Van models.	▲			445.00
Side-access panel / doors with fixed windows: • Glazed nearside sliding side-access door • Glazed offside sliding side-access panel / door	▲	▲		300.00
Side-access doors with sliding windows: • Sliding windows to nearside sliding side-access door • Sliding window to offside sliding side-access door – Standard on Glazed Crew Van.	●		●	

REAR ACCESS

Rear doors: • Asymmetric rear doors • Unglazed • 90°/180° opening – Not available on Glazed Crew Van / Colorado models. • Asymmetric rear doors • Glazed • 90°/180° opening • Heated windows • Wash/wipe facility – Only available when bulkhead with window is specified. Not available on non-glazed Crew Van.	●	●		
	○	○		155.00 Option code: J1X
Tailgate: • Glazed • Heated window • Wash/wipe facility – H1 models only. – Only available when bulkhead with window is specified. Standard on Glazed Crew Van.	○	○	●	135.00 Option code: JIU

● = Standard equipment. ○ = Optional at extra cost. ▲ = Please refer to ordering guide.

Please note: The air conditioning in vehicles with N1 type approval relies upon fluorinated greenhouse gases (R134a) for its functioning. The front system contains a quantity of overall 580g of R 134a, which corresponds to a CO₂ equivalent of 0.83 tons. The front and rear system contains a quantity of overall 890g of R 134a, which corresponds to a CO₂ equivalent of 1.27 tons. The global warming potential amounts to 1430. Information acc. to R (EU) No. 517/2014.

COMBO EQUIPMENT / OPTIONS

LOAD RESTRAINT / PROTECTION

	Combo	Sportive	Colorado	Price (£) exc. VAT
Load anchorage: • Load restraint lashing eyes – <i>Panel Van -6, Crew Van / Colorado -4.</i>	●	●	●

VAT reclaimable status requires a 1-tonne payload for Doublecabs according to HMRC. This payload calculation should take into consideration local UK Specification and Trim Level. Details enabling this determination are shown in the notes immediately below the weight tables shown in brochures and Price Guides. Ordered options may also impact available payload. Regarding VAT reclaimable status it is advisable that customers consult their local HMRC office or visit www.hmrc.co.uk for further details.

All conversions must follow 'Vauxhall Converter Requirements' including recommended dimensional data, detailed within Part 1, available at: www.vauxhall.co.uk/conversiondata. The weight of any fitted conversion body will have to be deducted from these figures to establish actual payload and is subject to correct weight distribution. Variations from the recommended dimensions or weights may affect the vehicle's overall centre of gravity and stability. From 29 April 2013 conversion of N1 vehicles was affected by changes to type approval – for further information refer to the VCA website (N2 vehicles were affected from 29 October 2014). For further information please contact conversions@vauxhall.co.uk

* = For definitions please refer to Glossary of Terms.

VIVARO EQUIPMENT / OPTIONS

SAFETY

	Vivaro	Sportive	Limited Edition	Combi	Price (£) exc. VAT	Total (£) inc. VAT
Airbags:						
Driver's airbag	●	●	●	●		
Front passengers' airbag:						
• Front passengers' airbag with deactivation switch Option code: AK5	○	○	○	●	245.00	
• Driver and front passengers' curtain airbags and driver's side-impact airbag Option code: AWH	○	○	○	○	410.00	492.00
• Driver and single front passenger's curtain and side-impact airbags – <i>Mandates single passenger seat.</i> Option code: AYO	○	○	○	○	610.00	732.00
Stability:						
Electronic Stability Programme–plus (ESP–plus) with traction control: – Works in conjunction with the vehicle's electronic braking and engine systems to keep the vehicle stable in many different situations. ESP monitors a variety of inputs to determine when the vehicle starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability.	●	●	●	●		
Tyre pressure:						
• Tyre pressure monitoring system Option code: UJO	○	○	○	●	210.00	
Braking:						
Four-channel Anti-lock Braking System (ABS) – Prevents the vehicle's wheels from locking up under heavy braking by momentarily reducing brake pressure at the appropriate wheel, ensuring that you can maintain control of the steering. Emergency brake assist – When emergency braking is detected the vehicle automatically applies the maximum possible braking assistance. Electronic brakeforce distribution – Automatically apportions the optimum braking force to each wheel. Hill start assist – Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline.	●	●	●	●		
Bulkhead:						
• Full-height steel bulkhead without window – <i>Optional on Platform Cab models.</i>	●					
• Full-height ABS plastic bulkhead with window – <i>Doublecab only.</i>	●	●	●

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £583.33 (exc. VAT), 12 months' Vehicle Excise Duty at £240.00 and new vehicle first registration fee of £55.00. Excludes fuel and insurance. S/S = Start/Stop.

Vehicles with BlueInjection technology will need regular AdBlue® top-ups also between servicing requirements. An indicator integrated into the on-board computer will warn you when you need to top up. More information under www.vauxhall.co.uk/blueinjection. In accordance with regulations R (EC) No. 715/2007 and R (EC) No. 692/2008 (in the versions respectively applicable).

All conversions must follow 'Vauxhall Converter Requirements' including recommended dimensional data, detailed within Part 1, available at: www.vauxhall.co.uk/conversiondata. The weight of any fitted conversion body will have to be deducted from these figures to establish actual payload and is subject to correct weight distribution. Variations from the recommended dimensions or weights may affect the vehicle's overall centre of gravity and stability. From 29 April 2013 conversion of N1 vehicles was affected by changes to type approval – for further information refer to the VCA website (N2 vehicles were affected from 29 October 2014). For further information please contact conversions@vauxhall.co.uk

* = For definitions please refer to Glossary of Terms.

= Fuel consumption information is official government environmental data, tested in accordance with the relevant EU directive. Official EU-regulated test data is provided for comparison purposes and actual performance will depend on driving style, road conditions and other non-technical factors.

All conversions must follow 'Conversion Requirements' available on: www.vauxhall.co.uk/conversiondata

All conversions must follow 'Vauxhall Converter Requirements' including recommended dimensional data, detailed within Part 1, available at: www.vauxhall.co.uk/conversiondata. The weight of any fitted conversion body will have to be deducted from these figures to establish actual payload and is subject to correct weight distribution. Variations from the recommended dimensions or weights may affect the vehicle's overall centre of gravity and stability. From 29 April 2013 conversion of N1 vehicles was affected by changes to type approval – for further information refer to the VCA website (N2 vehicles were affected from 29 October 2014). For further information please contact conversions@vauxhall.co.uk

* = For definitions please refer to Glossary of Terms.

= Fuel consumption information is official government environmental data, tested in accordance with the relevant EU directive. Official EU-regulated test data is provided for comparison purposes and actual performance will depend on driving style, road conditions and other non-technical factors.

The Vauxhall Trabus is a fully glazed panel van without bulkhead suitable for conversion into a passenger vehicle by a third-party Converter. The Trabus includes basic Type Approval for registration as a Category M* Passenger Vehicle and 2nd stage Type Approval must be completed by the Converter to enable registration. Available in two wheelbases the Trabus is fitted with the highly efficient and economical 2.3CDTi BiTurbo Euro VI engine with Start/Stop. There are no interior seats or internal trim within the load compartment.

Movano Trabus feature highlights:

- Type-approved for Euro VI Category M emissions
- Driver's airbag
- Electronic stability programme
- Six-way adjustable driver's seat with armrest
- Dual front passengers' bench seat with dump latch facility
- Pulse cloth trim for front seats
- Digital Tachograph
- 62mph hardcoded Speed Limiter
- Front fog lights
- High beam assist
- Lane departure warning
- Multi-function trip computer
- Bulkhead not fitted
- Digital radio/CD/MP3 CD player/stereo radio/aux-in socket/Bluetooth® connectivity for compatible mobile phones/USB connectivity/integrated display/four 15-watt speakers (CD 16 DAB BT USB)
- No second or third-row seating
- Fixed windows – nearside and offside rear panels
- Selective door locking with three-button key
- Uprated battery (110Ah)
- Glazed rear doors (90°/180° opening)
- Under-floor full-size spare wheel
- Centre wheel covers (full-diameter wheel covers optional)
- Nearside sliding side-access door and opposite panel with fixed windows

* = M1 or M2 dependent on passenger configuration.

All conversions must follow 'Conversion Requirements' available on: www.vauxhall.co.uk/conversiondata

MOVANO CONVERSIONS2GO

Conversions2Go is a new addition to the Vauxhall conversion portfolio. These are carefully selected conversions from established Vauxhall approved converters chosen to complement the existing range of Factory Conversions. They can be ordered through Vauxhall and will be delivered to the Retailer as a complete converted vehicle. All conversions are fully type approved to ECWVTA (European Whole Vehicle Type Approval). Warranty and aftersales support of the conversion matches the base vehicle but is covered by the respective Converter.

= Fuel consumption information is official government environmental data, tested in accordance with the relevant EU directive. Official EU-regulated test data is provided for comparison purposes and actual performance will depend on driving style, road conditions and other non-technical factors. Please note, figures relate to the base chassis, crew and platform cabs prior to conversion.

Movano Aluminium Tipper L4 H1 RWD Crew Cab HD

IMPORTANT STATEMENT – To maintain N1 compliance for the above version careful note should be taken of factory ordered options which may impact the base vehicle weights and may affect N1 classification. Therefore if 6 passenger seats are required it is highly recommended that the vehicle is ordered without factory options that contribute to an increase in kerb weight. Alternatively, ordering a single passenger seat will have less impact and provide more scope for factory options.

The factory tow bar is not available for this version – if towing is required it is recommended that the converter towing option is ordered. The spare wheel, spare wheel carrier, tools and jack are removed (the spare wheel will be supplied loose).

MOVANO EQUIPMENT / OPTIONS

SAFETY

	Movano	Combi/ Minibus	Trabus	Price (£) exc. VAT	Total (£) inc. VAT
Airbags:					
Driver's airbag	●	●	●		
Front passengers' airbag:					
• Front passengers' airbag with deactivation switch – Not available with Convenience Pack option.	○	○	○	260.00	312.00
				Option code: AK5	
Stability:					
Electronic Stability Programme–plus (ESP–plus) with traction control – Works in conjunction with the vehicle's electronic braking and engine systems to keep the vehicle stable in many different situations. ESP monitors a variety of inputs to determine when the vehicle starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability.	●	●	●		
Braking:					
Four-channel Anti-lock Braking System (ABS) – Prevents the vehicle's wheels from locking up under heavy braking by momentarily reducing brake pressure at the appropriate wheel, ensuring that you can maintain control of the steering.	●	●	●		
Emergency brake assist – When emergency braking is detected the vehicle automatically applies the maximum possible braking assistance.	●	●	●		
Electronic brakeforce distribution – Automatically apportions the optimum braking force to each wheel.					
Hill start assist – Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline.					
Advanced Safety Assist Pack:					
• Front fog lights • High beam headlight assist • Lane departure warning • Multi-function trip computer – Not available with Lighting Pack option. – Standard on Minibus / RWD HD 4500 models.	○	○/●	●	395.00	474.00
				Option code: XYCO	
Bulkhead:					
• Full-height steel bulkhead without window – Standard on Panel Van / optional on Platform Cab models.	○			135.00	
				Option code: AX6	
• Full-height ABS plastic bulkhead with window – Doublecab only.	●				
• Full-height steel bulkhead with window – Standard on Chassis / Crew Cab models. Optional on Panel Van / Platform Cab models.	○			50.00	
				Option code: AX9	
ISOFIX child seat fixings:					
• 1 x front row, 2 x second row – Combi models.		●/–			
M1 Type Approval:					
• M1 Type Approval for all rear seatbelt anchorages – Minibus models.		–/●			
Tyre pressure:					
• Tyre pressure monitoring system – Combi models.		●/–			

● = Standard equipment. ○ = Optional at extra cost.

MOVANO EQUIPMENT / OPTIONS

SECURITY

	Movano	Combi/ Minibus	Trabus	Price (£) exc. VAT	Total (£) inc. VAT
Features:	●	●	●		
• Electronic engine deadlock immobiliser • Steering column lock • Secure fuel filler flap					
• Internal lockable rear and sliding side-access doors					
• Under-floor spare wheel storage – <i>Wind down only when rear doors opened.</i> – <i>Standard on Panel Van / Doublecab.</i>	●	●	●		
Remote control door locking (features depending on body type):	●	●	●		
• Selective door locking • Two keys with integral remote • Door deadlocks					
• Third key with integral remote	○	○	○	60.00	72.00
Option code: K69					
Security alarm system:	○			305.00	
• Engine compartment protection • Ultrasonic detectors in load area • Siren • Thatcham Category 1 approved (TCL1–101/1103) – <i>Not available on Platform Cab models.</i>					
Option code: UA6					

HEATING AND VENTILATION

Cab heating:	●	●	●		
• Four-speed fan • Illuminated controls • Four adjustable facia vents • Windscreen demist vents • Side window demist vents					
Air conditioning:					
• Air recirculation facility • Pollen filter • Illuminated controls • Chilled glovebox facility – <i>Not available on Minibus models.</i>	○	○/–	○	700.00	840.00
Option code: C60					
• Air conditioning front and rear		○	○	2210.00	2652.00
Option code: CJ5					
• Additional rear compartment heating – <i>Not available on Combi models.</i>		–/○		2010.00	2412.00
Option code: C46					
• Additional rear compartment air conditioning and heating – <i>Not available on Combi models.</i>		–/○	○	4210.00	5052.00
Option code: CAW					
Electronic climate control:	○			910.00	
• Incorporating air conditioning • LCD temperature display • Automatic air direction and fan speed with manual override • Illuminated controls • Pollen filter • Chilled glovebox facility					
Option code: C61					

● = Standard equipment. ○ = Optional at extra cost.

Please note: The air conditioning in vehicles with N1, N2 or M2 type approval relies upon fluorinated greenhouse gases (R134a) for its functioning. The front system contains a quantity of overall 580g of R 134a, which corresponds to a CO₂ equivalent of 0.83 tons. The front and rear system in versions with up to 9-seats contains a quantity of overall 1,100g of R 134a, which corresponds to a CO₂ equivalent of 1.57 tons. The front and rear system in versions with more than 16-seats contains a quantity of overall 1,700g of R 134a, which corresponds to a CO₂ equivalent of 2.43 tons. The global warming potential amounts to 1430. Information acc. to R (EU) No. 517/2014.

MOVANO EQUIPMENT / OPTIONS

COMFORT AND SEATING

	Movano	Combi/ Minibus	Trabus	Price (£) exc. VAT	Total (£) inc. VAT
Comfort: • Height-adjustable steering wheel • Facia-mounted gear lever • Floor-mounted handbrake lever • Pulse cloth seat trim • Vinyl floor covering • Inertia-reel lap and diagonal seatbelts • Height-adjustable outer front seatbelts • Slip-resistant floor covering – <i>Minibus models.</i>	●	●	●

Transmission:																							
<ul style="list-style-type: none"> Six-speed manual gearbox: FWD models: • Transverse engine/gearbox • L1/L2/L3 models RWD / RWD HD models: • Longitudinal engine/gearbox • L3/L4 models Tecshift six-speed transmission: – Tecshift transmission adds electronic control for both the clutch and gear selection to the standard six speed transmission. Electronic clutch control: – Tecshift automatically operates the clutch, meaning that there is no clutch pedal and the vehicle can be driven by an 'automatic-only' driving licence holder. Electronic gear selection: – Tecshift also controls gear selection, leaving the driver with two gear-shifting options – automatic or manual. Automatic mode: – The driver selects forward or reverse gear and Tecshift does everything else, just like an automatic gearbox. Manual mode: – The driver can change gear sequentially by pushing the lever forward (higher gear) or pulling it backwards (lower gear). A 'kickdown' function: – going through two or more gears – is also possible in manual mode. 	●	●	●

MOVANO ONE-INVOICE APPROVED CONVERSION

Approved by Vauxhall for the UK Market

- All Approved Conversions are approved by Vauxhall Engineering
- These Conversions will be managed as approved 'Options' and can only be ordered via the M.S.I.T. Special Build Programme (specialbuild@vauxhall.co.uk)
- Warranty of Base Vehicle remains the responsibility of Vauxhall
- Warranty and Servicing of Conversion remains the responsibility of the Converter
- All Approved Conversions are supplied with EC WVTA (European Community Whole Vehicle Type Approval) from long-standing conversion partners

Price (£)

4WD CONVERSION BY OBERAIGNER

Type approved numbers: EC WVTA: e11*2007/46*1191*00

- Available on: RWD/RWD HD Panel Van, Doublecab, Tipper, Dropside, Chassis or Crew Cab
- Switchable All-Wheel Drive (AWD) for use under poor road conditions and off-road driving
- Additional weight kept to a minimum by use of lightweight components
- Minimal vehicle lift due to compact AWD system
- Switchable 1:1.42 gearing ratio (Terrain gear) with facia-mounted control panel for AWD system

Requires Automatic locking rear differential factory options.

AWD drivetrain warranty is limited to 2 years/75,000 miles.

With over 20 years' experience in the design and production of 4X4 conversions, the Oberaigner Group is one of the leading suppliers of off-road vehicles in this sector of the Commercial Vehicle market.

[4WD CONVERSION BY OBERAIGNER](#)

RANGE GLOSSARY OF TERMS

PLATED WEIGHT

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's 'plate' showing the vehicle and axle gross 'plated weights'. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

MINIMUM MASS

Minimum Mass ('Mass in running order' on Certificate of Conformity and 'Mass in Service' on V5C form) is defined according to European Type Approval and include all fluids, tools, 90% fuel load and driver (75kg). It is minimum mass for this variant and does not consider local specification/trim or deletable options (specific to Movano). Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance).

GROSS VEHICLE WEIGHT (GVW)

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

GROSS COMBINATION WEIGHT (GCW)

The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is quoted on the vehicle plate and must not be exceeded.

PAYLOAD

The total permissible weight that can be carried without exceeding the vehicle's plated weight. Payload do not include driver but do take into consideration specification/trim level:

- For Combo included are UK specification (Panel Van 15kg; Crew Van 25kg) and also trim (Sportive L1 Panel Van 45kg; Sportive L2 Panel Van 30kg; Sportive Crew Van 20kg; Glazed Crew Van 40kg)
- For Vivaro included are UK specification (15kg) and trim (Sportive Panel Van 30kg; Sportive Doublecab 40kg; Limited Edition NAV Panel Van 45kg and Limited Edition NAV Doublecab 55kg)
- For Movano included are UK specification (10kg) and deletable options such as Bulkhead (25kg); Sliding Doors (30kg each) and Spare Wheel (25kg)

Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance). Payload does not consider any additional options that a customer may order.

ROOF LOADS

- Corsavan roof load should not exceed 75kg including the weight of the roof rack/carrier
- Combo roof load should not exceed 100kg on H1 models including the weight of the roof rack/carrier. H2 are not permitted to carry roof loads
- Vivaro roof load should not exceed 200kg (150kg on H2 models) including the weight of the roof rack/carrier
- Movano roof load should not exceed 200kg (150kg on H1 models) including the weight of the roof rack/carrier. H3 are not permitted to carry roof loads

MAXIMUM TOWING WEIGHT

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated Gross Combination Weight (GCW). It is based on the ability of the vehicle – at full GCW – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

Always fit Vauxhall towing attachments and accessories available from your Vauxhall Commercial Vehicle Retailer. They are designed specifically for Vauxhall models and carry a 12-month warranty.

LIGHT DUTY AND HEAVY DUTY CYCLES

For a Light Duty cycle (EC regulation 715/2007 with designation 'Euro 6') the emissions of the whole vehicle are evaluated whereas for Heavy Duty cycle (EC regulation 595/2009 with designation 'Euro VI') only the engine is bench tested. The requirement of which cycle is necessary is determined by the reference mass of the vehicle. In the case of Movano, reference mass calculations dictate that:

- N1 FWD and M1 FWD are approved as Light Duty
- N1 RWD, N2 RWD and M2 FWD are approved as Heavy Duty

When Euro 5 was previously introduced, there was an agreement between Member States and the Commission (Reference TEC 740/2011) that, assuming there was no alteration to the emissions system itself, a multi-stage build vehicle should be covered by the base vehicle emissions approval, irrespective of whether the reference mass had changed. The Department for Transport has confirmed that this interpretation will remain in place for Euro 6/VI.

To illustrate this better – a F3500 L3 H1 (130PS) Movano Chassis Cab is type approved as Light Duty (Euro 6). Regardless of any conversion to this vehicle and even if its reference mass transgresses above the 2840kg threshold, then it is still be covered by the original Light Duty cycle emissions. One situation where this may not apply is when a vehicle changes category from N1 (Commercial) to M1 (Passenger) during the process of conversion.

COMMERCIAL VEHICLE CATEGORIES

Differences between M1/N1 and M2/N2 (Vehicles with GVW above 3500kg)

Category M: Passenger carriers

Category M1: Vehicles designed and constructed for the carriage of passengers and comprising no more than eight seats in addition to the driver's seat.

Category M2: Vehicles designed and constructed for the carriage of passengers, comprising more than eight seats in addition to the driver's seat, and having a maximum mass not exceeding 5 tonnes.

Category N: Goods vehicles

Category N1: Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

Category N2: Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

Specific differences, all M2/N2 require the following:

Speed limiter: All M2/N2 vehicles are legally required to be speed limited. M2 to 62mph and N2 to 56mph.

Driver licence: Commercial vehicles with GVW greater than 3.5 tonnes have different license requirements. For any new drivers C1 category

is necessary. Under some circumstances (social purposes for a non-commercial body) it is possible to drive a minibus without a D1 entitlement (Minibus) however eligibility for this exemption should be confirmed with DVSA.

Driver CPC: Driver Certificate of Professional Competence mandates 35 hours of periodic training every 5 years to maintain licence (from September 2014).

Tachograph: It is a legal requirement to administer the activities of drivers subject to the EU or AETR drivers' hours rules, and also record the vehicle's speed, distance and time. A Smart Card is required for digital tachograph and these are available from the DVLA. The tachograph of a new vehicle must be calibrated within two weeks of first registration.

Operator's Licence: This may also be required to ensure that vehicles are kept safe and in good condition at all times. Specifically for M2, PSV (public service vehicle) operator's licence is required. Exemptions in some circumstances may be permitted but this should always be confirmed with DVSA.

MOT Testing: M2/N2 must be tested each year, and vehicle presented with a completed Certificate of Conformity (CoC). This is available from Vauxhall (regdata@gm.com) or from converter in case of second-stage conversion.

CUSTOMER CARE PRICING AND ADDITIONAL INFORMATION

Vauxhall on-the-road recommended retail prices (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall Retailer of £583.33 (£700.00 including VAT), 12 months' Government Vehicle Excise Duty* and the DVLA new vehicle first registration fee of £55.00*.

Please note: The RRP does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and customer.

Price protection for all Vauxhalls

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new commercial vehicle, but you must take delivery as soon as the commercial vehicle is available. Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new commercial vehicles varies depending on gross vehicle weight (GVW) and European standard emissions compliance, as shown below*.

Up to 3500kg GVW	£240.00
Over 3500kg GVW	£165.00

*Correct at time of publication.

In the event of an accident...

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment** that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles (Corsavan and Combo) and 100,000 miles (Vivaro and Movano) limitation
 - Vauxhall Assistance for 12 months from first registration
 - Six years' body panel anti-perforation warranty
- ** Warranty is only on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall Commercial Vehicle for 12 months from first registration and covers everything from accidents, mechanical breakdown to flat tyres. With Vauxhall Assistance help is literally just a free† phone call away, 24 hours a day, 365 days a year!

† Mobile phone users will be charged at their standard tariff.

Vauxhall Extended Warranty

For complete peace of mind Vauxhall offers an extended warranty that can be purchased on an annual basis following the expiry of the original new vehicle warranty. It covers most mechanical and electrical components. Terms and conditions apply, for further details please contact your local Vauxhall Retailer.

Protecting the environment

Our products are increasingly winning environmental awards, both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, including information on Design for Recycling, take-back of End-of-Life Vehicles (ELVs), and the recycling of ELVs, see www.vauxhall.co.uk/recycling

Vauxhall Service Plan

Vauxhall Retailers offer a great service for owners of all Vauxhall vehicles. Value for money, regular offers and free check-ups, combined with the peace of mind that comes from using Vauxhall-trained technicians and genuine parts, help keep your vehicle in peak condition at all times. Every Vauxhall Retailer supports our customer promise:

We are Vauxhall experts

- Fully Vauxhall-trained technicians
- We use Vauxhall approved diagnostic equipment and specialist tools
- Full access to Vauxhall repair databases and technical centres

We are transparent

- Our invoicing will clearly set out the work at the price agreed with no hidden extras

We are never beaten on price

- We will match any written like for like service/repair quote from a local†† competitor using genuine repair methods and parts

We are convenient

- Flexible booking times to suit you
- 'One-stop shop' for every type of Vauxhall service
- While you wait facility on stocked tyres, batteries and exhausts
- Free courtesy vehicle or local collection with annual services and warranty work

We are thorough

- 25 point safety check with any workshop visit
- No obligation advice on essential and non-essential work
- Free check for safety enhancements and upgrades to your vehicle and software
- Free 'Wash and Vac' with every annual service
- Free fitting of wipers and external bulbs with annual services

†† A radius of five miles/20 minutes from your Vauxhall Retailer.

Premier Van Centres

To maximise mobility and minimise downtime, our dedicated network of over 100 Premier Van Centres is increasing its emphasis on faster turnaround and fewer vehicle days spent off-road. We're your commercial vehicle 'one-stop shop' with all the specialised equipment, tools and training to support your aftersales needs, using only genuine parts fitted by Vauxhall-trained technicians. What's more, we promise convenience, expertise and value:

- Drop in for a diagnosis, no appointment necessary
- While-you-wait repairs where the parts are on-site
- A 25-point vehicle safety check with every workshop visit
- Access to Class 7 MOT facilities
- Onward mobility and a dedicated Premier Van Helpline – call 0800 026 0034

VIVARO PLATFORM CAB SPECIFICATIONS

Platform cabs

Platform cabs are ideal for those conversions requiring a low floor and walk-through access from the cab. The interface panel makes for easy integration of the cab with the conversion body, while an extended-length wiring loom is available to power the rear lights or extended conversions.

All conversions must follow 'Conversion Requirements' guidelines available on: www.vauxhall.co.uk/conversiondata

MOVANO CHASSIS CAB SPECIFICATIONS

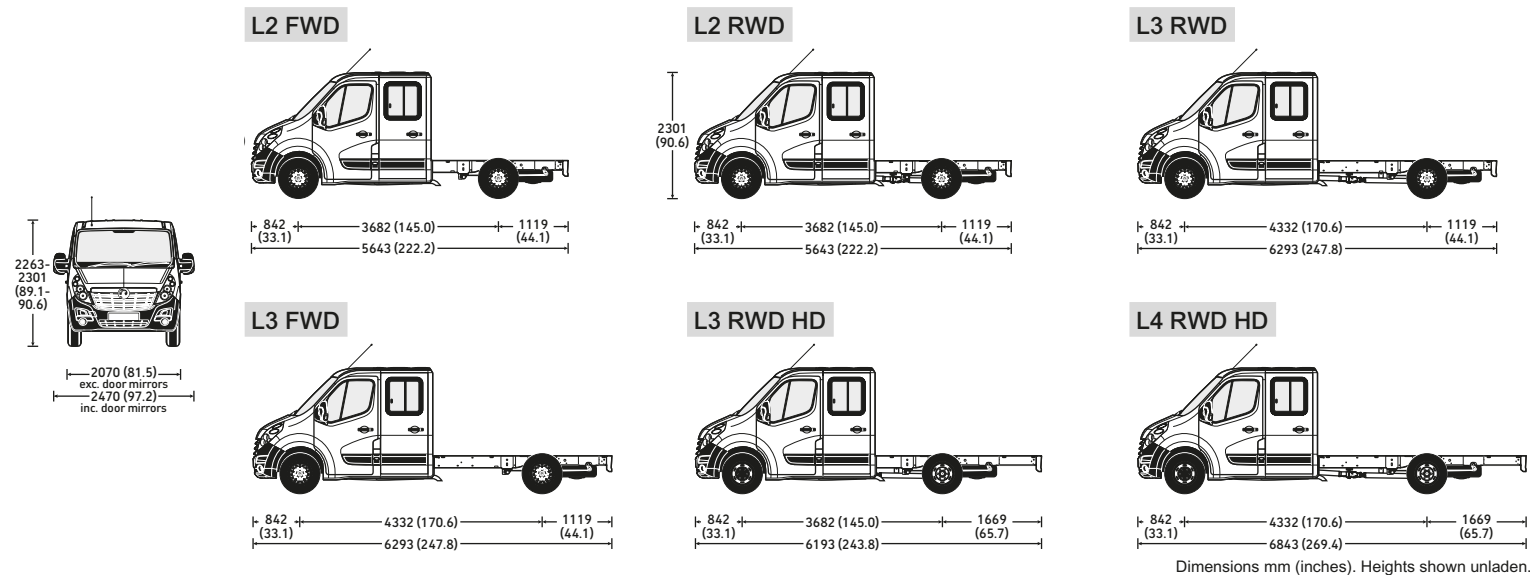

All conversions must follow 'Vauxhall Converter Requirements' including recommended dimensional data, detailed within Part 1, available at: www.vauxhall.co.uk/conversiondata. The weight of any fitted conversion body will have to be deducted from these figures to establish actual payload and is subject to correct weight distribution. Variations from the recommended dimensions or weights may affect the vehicle's overall centre of gravity and stability. From 29 April 2013 conversion of N1 vehicles was affected by changes to type approval – for further information refer to the VCA website (N2 vehicles were affected from 29 October 2014). For further information please contact conversions@vauxhall.co.uk

Vauxhall on-the-road recommended retail prices (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall Retailer of £583.33 (£700.00 including VAT), 12 months' Government Vehicle Excise Duty* (shown on each model page) and the DVLA new vehicle first registration fee of £55.00*.

Please note: The RRP does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and customer.

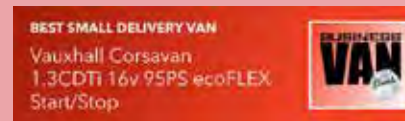

*Correct at time of publication.

Price protection for all Vauxhalls

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new commercial vehicle, but you must take delivery as soon as the commercial vehicle is available. Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

* = Please note that vehicles are limited from stock and that specifications may differ from those described in this Price Guide – consult your Retailer for further details.

The Combo Colorado is a fully glazed crew van without bulkhead suitable for conversion into a wheelchair accessible vehicle by a third-party Converter. The Colorado includes basic Type Approval for registration as a Category N* Commercial Vehicle and 2nd stage Type Approval must be completed by the Converter to enable registration. Available as an L2 H1 the Colorado is fitted with the highly efficient and economical 1.3CDTi (95PS) engine and includes second-row seats and interior trim.

Feature highlights:

- Type-approved for Euro 6 Category N* emissions
- Glazed between C- and D-pillars
- Air conditioning
- Two-coat metallic/Brilliant paint
- Body-coloured mirrors and bumpers
- Height-adjustable driver's seat with armrest and lumbar support
- Nearside and offside side-access doors with sliding windows
- Glazed tailgate with wash/wipe facility

* = As a Category N Commercial Vehicle, the Colorado is subject to speed restrictions not applicable to a Passenger Vehicle. Please consult the DVSA website for further details.

	Option code: G6Z	
Two-coat metallic paint – <i>Please see Combo exterior colours.</i>	N/C	No-cost
MECHANICAL		
Uprated alternator	○	55.00
	Option code: KX3	
WHEELS AND TYRES		
16-inch steel wheels with full-diameter wheel trims and 195/60 R 16 tyres	●	
Full-size spare wheel (in lieu of tyre inflation kit)	N/C	No-cost
	Option code: QQ5	

● = Standard equipment. ○ = Optional at extra cost. N/C = No-cost option.

Please note: The air conditioning in vehicles with N1 type approval relies upon fluorinated greenhouse gases (R134a) for its functioning. It contains a quantity of overall 450g of R 134a, which corresponds to a CO₂ equivalent of 0.64 tons. The global warming potential amounts to 1430. Information acc. to R (EU) No. 517/2014.

COMBO EQUIPMENT / OPTIONS

SAFETY

	Combo	Sportive	Price (£) exc. VAT
Airbags:	●	●	
• Driver's dual-stage airbag			
• Front passenger's airbag with deactivation switch	○	○	235.00
Option code: AK5			
• Front passenger's airbag with deactivation switch • Driver and front passenger's side-impact airbags	○	○	385.00
Option code: AJ7			
Seating:	●	●	
• Height-adjustable head restraints			
• Active safety head restraints – <i>Front seats only.</i>	○	○	45.00
Option code: AJF			
Seatbelts:	●	●	
• Inertia-reel lap and diagonal seatbelts • Height-adjustable front seatbelts • Seatbelt pretensioner system – <i>Pretensioners tighten the seatbelt in the event of an accident limiting forward movement.</i> • Front seatbelt force limiters – <i>Reduces potential upper body injuries during a frontal impact.</i> • Seatbelt unfastened audible warning and warning light			
Body:	●	●	
• Laminated windscreen • Side-impact protection beams • Reinforced passenger safety cell • Fuel tank located ahead of rear axle			
Stability:	●	●	
<i>Electronic Stability Programme-plus (ESP-plus) with traction control – Works in conjunction with the vehicle's electronic braking and engine systems to keep the vehicle stable in many different situations. ESP monitors a variety of inputs to determine when the vehicle starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability.</i>			
<i>Drag torque control – Helps maintain stability when suddenly lifting off the accelerator.</i>			
Anti-lock braking:	●	●	
<i>Four-channel Anti-lock Braking System (ABS) – Prevents the vehicle's wheels from locking up under heavy braking by momentarily reducing brake pressure at the appropriate wheel, ensuring that you can maintain control of the steering.</i>			
<i>Emergency brake assist – When emergency braking is detected the vehicle automatically applies the maximum possible braking assistance.</i>			
<i>Electronic brakeforce distribution – Automatically apportions the optimum braking force to each wheel.</i>			
<i>Hill start assist – Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline.</i>			
Fire protection system:	●	●	
• Fire protection system • Fuel cut-off			

SECURITY

Features:	●	●	
• Electronic engine deadlock immobiliser • Steering column lock • Electronic theft protection for audio equipment • 'Key left in ignition' audible warning			
• Lockable glovebox • Lockable fuel filler cap			
Remote control door locking (doors, tailgate and fuel flap):	●	●	
• Remote control door locking • Folding key with integral remote • Door deadlocks			
• Alarm pre-installation kit – <i>Accessory alarm available at extra cost.</i>	○	○	60.00
Option code: TJD			
• Third key	○	○	60.00
Option code: KTN			
• Third key with remote control – <i>Panel Vans only.</i>	○	○	85.00
Option code: Z1V			

● = Standard equipment. ○ = Optional at extra cost.

COMBO EQUIPMENT / OPTIONS

COMFORT AND SEATING

	Combo	Sportive	Price (£) exc. VAT
Comfort: • Steering column adjustable for reach and rake • Floor-mounted handbrake lever • Cube cloth seat trim • Height-adjustable front seatbelts	●	●	
Seating – Panel Van: • Reach • Backrest recline	●	●	
• Driver's seat height adjuster • Armrest • Lumbar support – <i>Not available with vinyl seat trim.</i>	○	●	Option code: DCW 75.00
• Front passenger's seat with under cushion storage compartment – <i>Panel Van only. Not available with vinyl seat trim.</i>	○	○	Option code: BA8 35.00
Rear seating – Crew Van: • Three passenger rear seat • 'Fold and tumble' facility • 60/40 split seat back and cushion	●	●	
Vinyl seat trim: • Black vinyl seat trim – <i>Base models only. Not available with driver's seat height adjuster or front passenger's seat with under cushion storage compartment.</i>	○		Option code: TAiB 60.00

INTERIOR CONVENIENCE

Accessory sockets: • Facia-mounted 12-volt accessory socket	●	●	
Interior: • Storage compartment on driver's side facia • Illuminated glovebox with lid • Door storage pockets • Dipping rear-view mirror – <i>When glazed bulkhead and glazed rear doors / tailgate are specified.</i> • Twin sunvisors, front passenger's with vanity mirror • Driver and front passenger's tiltable assist handles • Two coat hooks • Door armrests	●	●	
• Overhead shelf – <i>Standard on H2, Crew Van and Colorado models.</i>	○	●	Option code: VVM 40.00
• Rear side panel storage (fully trimmed L1, part trimmed L2) and 12-volt accessory socket – <i>Crew Van /Colorado models</i>	●	●	
Lighting: • Centre fade up/fade down courtesy light • Illuminated load area	●	●	
Load Compartment Pack: • Overhead shelf • PVC load floor covering • 12-volt accessory socket in load area • Removable load area courtesy light – <i>Panel Van only.</i>	○		Option code: LPVX 130.00
Smoker Pack: • Removable ashtray • Illuminated cigar lighter	○	○	Option code: DT4 55.00

DRIVER ASSISTANCE

Multi-function trip computer: • Overall distance • Trip distance • Average fuel consumption • Instantaneous fuel consumption • Vehicle range based on remaining fuel • Distance and average speed since last reset	●	●	
Windscreen wipers: • Two-speed windscreen wipers • Variable intermittent wipe • Electric screenwash	●	●	
Parking assistance: • Rear parking distance sensors • Audible warning • Distance warning graphic shown in driver information display	○	○	Option code: UD7 205.00
Cruise control	○	○	Option code: K34 185.00

● = Standard equipment. ○ = Optional at extra cost.

COMBO EQUIPMENT / OPTIONS

DRIVER INFORMATION

	Combo	Sportive	Price (£) exc. VAT
Instrumentation: • Speedometer • Rev counter • Trip odometer • Fuel gauge with low fuel warning light • Coolant temperature warning light	●	●	
ECO features: • Shift-up indicator – Indicates when to change gear for optimum fuel economy.	●	●	
Driver information display: • Monochrome display located in instrument cluster • Odometer • Service-due indicator	●	●	
Central fascia display: • Audio information • Digital clock with automatic RDS time adjustment • Outside air temperature with ice warning function • Additional features and location dependent on infotainment unit (see Infotainment for details)	●	●	
Warning indicators: • Low oil level, low brake fluid, brake pad wear, battery, seatbelt reminder, airbag failure / deactivation, charging system and emission control system failure	●	●	
Driver Pack: • CD/MP3 CD player / stereo radio / Bluetooth® connectivity for compatible mobile phones / aux-in socket / USB connectivity / AM/FM stereo radio with 24 station presets / RDS with Traffic Programme / steering wheel mounted audio controls • Leather-covered steering wheel • Leather-covered gear knob • Pre-installation for TomTom navigation system – Excludes sat nav / cradle. Accessory sat nav and bespoke cradle combination available at extra cost. Option code: LPW1	○	○	670.00

INFOTAINMENT

CD player / stereo radio: <i>Onboard features:</i> • CD player • AM/FM stereo radio with 24-station presets • RDS with Traffic Programme • Four speakers • 20 watts per channel output	●	●	
CD 50 multimedia: <i>Onboard features:</i> • CD/MP3 CD player • AM/FM stereo radio with 24-station presets • RDS with Traffic Programme • Four speakers • 20 watts per channel output • Steering wheel mounted audio controls <i>Media connections:</i> • USB connection • Aux-in socket <i>Mobile phone portal:</i> • Bluetooth® connectivity • Vehicle microphone Option code: UGi	○	○	495.00
Additional features: • Flexible roof-mounted aerial	●	●	

● = Standard equipment. ○ = Optional at extra cost.

COMBO EQUIPMENT / OPTIONS

HEATING AND VENTILATION

	Combo	Sportive	Price (£) exc. VAT
Air blend heater: • Four-speed fan • Illuminated controls • Four adjustable facia vents • Windscreen demist vents • Side window demist vents	●	●	
Air conditioning: • Air recirculation facility • Cabin particulate filter – <i>Removes dust, airborne particles and pollen.</i> • Illuminated controls – <i>Standard on Colorado models.</i>	○	●	600.00 Option code: C60
Electronic climate control: • Incorporating air conditioning • Single-zone control • Six-speed fan • Advanced predictive logic control system using sun sensor • Cabin particulate filter • LCD temperature display • Automatic air direction and fan speed with manual override • Illuminated controls • Pollen filter – <i>Mandates electrically adjustable / heated door mirrors with exterior temperature sensor at extra cost.</i>		○	840.00 Option code: C68

SIDE ACCESS

Nearside access: • Nearside sliding side-access door • Unglazed – <i>Standard on L2 H1 models.</i>	▲	●	255.00
Offside access: • Offside sliding side-access door • Unglazed – <i>Standard on L2 H1 models.</i>		▲	200.00
Nearside and offside access: <i>Side-access doors:</i> • Nearside sliding side-access door • Unglazed • Offside sliding side-access door • Unglazed – <i>Standard on L2 and Crew Van models.</i>	▲		445.00
<i>Side-access panel / doors with fixed windows:</i> • Glazed nearside sliding side-access door • Glazed offside sliding side-access panel / door – <i>Standard on Glazed Crew Van.</i>	▲	▲	300.00
<i>Side-access doors with sliding windows:</i> • Sliding windows to nearside sliding side-access door • Sliding window to offside sliding side-access door – <i>Standard on Glazed Crew Van / Colorado models.</i>	●		

REAR ACCESS

Rear doors: • Asymmetric rear doors • Unglazed • 90°/180° opening – <i>Not available on Glazed Crew Van / Colorado models.</i>	●	●	
• Asymmetric rear doors • Glazed • 90°/180° opening • Heated windows • Wash/wipe facility – <i>Only available when bulkhead with window is specified. Not available on non-glazed Crew Van.</i>	○	○	155.00 Option code: J1X
Tailgate: • Glazed • Heated window • Wash/wipe facility – <i>H1 models only.</i> – <i>Only available when bulkhead with window is specified. Standard on Glazed Crew Van / Colorado models.</i>	○	○	135.00 Option code: JIU

● = Standard equipment. ○ = Optional at extra cost. ▲ = Please refer to ordering guide.

Please note: The air conditioning in vehicles with N1 type approval relies upon fluorinated greenhouse gases (R134a) for its functioning. The front system contains a quantity of overall 580g of R 134a, which corresponds to a CO₂ equivalent of 0.83 tons. The front and rear system contains a quantity of overall 890g of R 134a, which corresponds to a CO₂ equivalent of 1.27 tons. The global warming potential amounts to 1430. Information acc. to R (EU) No. 517/2014.

VAT reclaimable status requires a 1-tonne payload for Doublecabs according to HMRC. This payload calculation should take into consideration local UK Specification and Trim Level. Details enabling this determination are shown in the notes immediately below the weight tables shown in brochures and Price Guides. Ordered options may also impact available payload. Regarding VAT reclaimable status it is advisable that customers consult their local HMRC office or visit www.hmrc.co.uk for further details.

2900 1.6CDTi BiTurbo (125PS) S/S BlueInjection	1616	1474	37.7 (7.5)	42.2 (6.7)	40.4 (7.0)	181	23170.00	24048.33
2900 1.6CDTi BiTurbo (145PS) S/S BlueInjection	1616	1474	37.7 (7.5)	42.2 (6.7)	40.4 (7.0)	181	23970.00	24848.33

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £583.33 (exc. VAT), 12 months' Vehicle Excise Duty at £240.00 and new vehicle first registration fee of £55.00. Excludes fuel and insurance.

S/S = Start/Stop.

Vehicles with BlueInjection technology will need regular AdBlue® top-ups also between servicing requirements. An indicator integrated into the on-board computer will warn you when you need to top up. More information under www.vauxhall.co.uk/blueinjection. In accordance with regulations R (EC) No. 715/2007 and R (EC) No. 692/2008 (in the versions respectively applicable).

All conversions must follow 'Vauxhall Converter Requirements' including recommended dimensional data, detailed within Part 1, available at: www.vauxhall.co.uk/conversiondata. The weight of any fitted conversion body will have to be deducted from these figures to establish actual payload and is subject to correct weight distribution. Variations from the recommended dimensions or weights may affect the vehicle's overall centre of gravity and stability. From 29 April 2013 conversion of N1 vehicles was affected by changes to type approval – for further information refer to the VCA website (N2 vehicles were affected from 29 October 2014). For further information please contact conversions@vauxhall.co.uk

SAFETY

	Vivaro	Sportive	Limited Edition	Combi	Price (£) exc. VAT	Total (£) inc. VAT
Airbags:	●	●	●	●		
<i>Driver's airbag</i>	●	●	●	●		
<i>Front passengers' airbag:</i>						
• Front passengers' airbag with deactivation switch Option code: AK5	○	○	○	●	245.00	
• Driver and front passenger's curtain airbags and driver's side-impact airbag Option code: AWH	○	○	○	○	410.00	492.00
• Driver and single front passenger's curtain and side-impact airbags – <i>Mandates single passenger seat.</i> Option code: AYO	○	○	○	○	610.00	732.00
Stability:						
<i>Electronic Stability Programme-plus (ESP-plus) with traction control</i> – Works in conjunction with the vehicle's electronic braking and engine systems to keep the vehicle stable in many different situations. ESP monitors a variety of inputs to determine when the vehicle starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability.	●	●	●	●		
Tyre pressure:						
• Tyre pressure monitoring system Option code: UJO	○	○	○	●	210.00	
Anti-lock braking:						
<i>Four-channel Anti-lock Braking System (ABS) – Prevents the vehicle's wheels from locking up under heavy braking by momentarily reducing brake pressure at the appropriate wheel, ensuring that you can maintain control of the steering.</i>	●	●	●	●		
<i>Emergency brake assist – When emergency braking is detected the vehicle automatically applies the maximum possible braking assistance.</i>	●	●	●	●		
<i>Electronic brakeforce distribution – Automatically apportions the optimum braking force to each wheel.</i>	●	●	●	●		
<i>Hill start assist – Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline.</i>	●	●	●	●		
Bulkhead:	●					
• Full-height steel bulkhead without window – <i>Optional on Platform Cab models.</i>	●

Vehicles with BlueInjection technology will need regular AdBlue® top-ups also between servicing requirements. An indicator integrated into the on-board computer will warn you when you need to top up. More information under www.vauxhall.co.uk/blueinjection. In accordance with regulations R (EC) No. 715/2007 and R (EC) No. 692/2008 (in the versions respectively applicable).

All conversions must follow 'Vauxhall Converter Requirements' including recommended dimensional data, detailed within Part 1, available at: www.vauxhall.co.uk/conversiondata. The weight of any fitted conversion body will have to be deducted from these figures to establish actual payload and is subject to correct weight distribution. Variations from the recommended dimensions or weights may affect the vehicle's overall centre of gravity and stability. From 29 April 2013 conversion of N1 vehicles was affected by changes to type approval - for further information refer to the VCA website (N2 vehicles were affected from 29 October 2014). For further information please contact conversions@vauxhall.co.uk

All conversions must follow 'Vauxhall Convertor Requirements' including recommended dimensional data, detailed within Part 1, available at: www.vauxhall.co.uk/conversiondata. The weight of any fitted conversion body will have to be deducted from these figures to establish actual payload and is subject to correct weight distribution. Variations from the recommended dimensions or weights may affect the vehicle's overall centre of gravity and stability. From 29 April 2013 conversion of N1 vehicles was affected by changes to type approval – for further information refer to the VCA website (N2 vehicles were affected from 29 October 2014). For further information please contact conversions@vauxhall.co.uk

* = For definitions please refer to Glossary of Terms.

= Fuel consumption information is official government environmental data, tested in accordance with the relevant EU directive. Official EU-regulated test data is provided for comparison purposes and actual performance will depend on driving style, road conditions and other non-technical factors.

The Vauxhall Trabus is a fully glazed panel van without bulkhead suitable for conversion into a passenger vehicle by a third-party Convertor. The Trabus includes basic Type Approval for registration as a Category M* Passenger Vehicle and 2nd stage Type Approval must be completed by the Convertor to enable registration. Available in two wheelbases the Trabus is fitted with the highly efficient and economical 2.3CDTi BiTurbo Euro VI engine with Start/Stop. There are no interior seats or internal trim within the load compartment.

Movano Trabus feature highlights:

- Type-approved for Euro VI Category M emissions
- Driver's airbag
- Electronic stability programme
- Six-way adjustable driver's seat with armrest
- Dual front passengers' bench seat with dump latch facility
- Pulse cloth trim for front seats
- Digital Tachograph
- 62mph hardcoded Speed Limiter
- Front fog lights
- High beam assist
- Lane departure warning
- Multi-function trip computer
- Bulkhead not fitted
- Digital radio/CD/MP3 CD player/stereo radio/aux-in socket/Bluetooth® connectivity for compatible mobile phones/USB connectivity/integrated display/four 15-watt speakers (CD 16 DAB BT USB)
- No second or third-row seating
- Fixed windows – nearside and offside rear panels
- Selective door locking with three-button key
- Uprated battery (110Ah)
- Glazed rear doors (90°/180° opening)
- Under-floor full-size spare wheel
- Centre wheel covers (full-diameter wheel covers optional)
- Nearside sliding side-access door and opposite panel with fixed windows

* = M1 or M2 dependent on passenger configuration.

All conversions must follow 'Conversion Requirements' available on: www.vauxhall.co.uk/conversiondata

MOVANO EQUIPMENT / OPTIONS

		Price (£) exc. VAT	Total (£) inc. VAT
SAFETY			
Airbags:			
Driver's airbag	●		
Front passengers' airbag:			
• Front passengers' airbag with deactivation switch – Not available with Convenience Pack option.	○	260.00	312.00
		Option code: AK5	
Stability:			
Electronic Stability Programme-plus (ESP-plus) with traction control – Works in conjunction with the vehicle's electronic braking and engine systems to keep the vehicle stable in many different situations. ESP monitors a variety of inputs to determine when the vehicle starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability.	●		
Anti-lock braking:			
Four-channel Anti-lock Braking System (ABS) – Prevents the vehicle's wheels from locking up under heavy braking by momentarily reducing brake pressure at the appropriate wheel, ensuring that you can maintain control of the steering.	●		
Emergency brake assist – When emergency braking is detected the vehicle automatically applies the maximum possible braking assistance.			
Electronic brakeforce distribution – Automatically apportions the optimum braking force to each wheel.			
Hill start assist – Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline.			
Advanced Safety Assist Pack:			
• Front fog lights • High beam headlight assist • Lane departure warning • Multi-function trip computer – Not available with Lighting Pack option. – Standard on Minibus / Trabus / RWD HD 4500 models.	○	395.00	474.00
		Option code: XYCO	
Bulkhead:			
• Full-height steel bulkhead without window – Standard on Panel Van / optional on Platform Cab models.	○	135.00	
		Option code: AX6	
• Full-height ABS plastic bulkhead with window – Doublecab only.	●		
Full-height steel bulkhead with window – Standard on Chassis / Crew Cab models. Optional on Panel Van / Platform Cab models.	○	50.00	
		Option code: AX9	
Protection grille for bulkhead window	○	305.00	
		Option code: XBEO	

SECURITY

Features:			
• Electronic engine deadlock immobiliser • Steering column lock • Secure fuel filler flap	●		
• Internal lockable rear and sliding side-access doors • Under-floor spare wheel storage – Wind down only when rear doors opened. – Standard on Panel Van / Doublecab.	●		
Remote control door locking (features depending on body type):			
• Selective door locking • Two keys with integral remote • Door deadlocks	●		
• Third key with integral remote	○	60.00	72.00
		Option code: K69	
Security alarm system:			
• Engine compartment protection • Ultrasonic detectors in load area • Siren • Thatcham Category 1 approved (TCL1-101/1103) – Not available on Platform Cab / Combi / Minibus / Trabus models.	○	305.00	
		Option code: UA6	

● = Standard equipment. ○ = Optional at extra cost.

● = Standard equipment. ○ = Optional at extra cost.

Please note: The air conditioning in vehicles with N1, N2 or M2 type approval relies upon fluorinated greenhouse gases (R134a) for its functioning. The front system contains a quantity of overall 580g of R 134a, which corresponds to a CO₂ equivalent of 0.83 tons. The front and rear system in versions with up to 9-seats contains a quantity of overall 1,100g of R 134a, which corresponds to a CO₂ equivalent of 1.57 tons. The front and rear system in versions with more than 16-seats contains a quantity of overall 1,700g of R 134a, which corresponds to a CO₂ equivalent of 2.43 tons. The global warming potential amounts to 1430. Information acc. to R (EU) No. 517/2014.

MOVANO EQUIPMENT / OPTIONS

MECHANICAL		Price (£) exc. VAT	Total (£) inc. VAT																		
Transmission: <i>Six-speed manual gearbox:</i> FWD models: • Transverse engine/gearbox • L1/L2/L3 models RWD / RWD HD models: • Longitudinal engine/gearbox • L3/L4 models <i>Tecshift six-speed transmission:</i> – Tecshift transmission adds electronic control for both the clutch and gear selection to the standard six speed transmission. Electronic clutch control – Tecshift automatically operates the clutch, meaning that there is no clutch pedal and the vehicle can be driven by an 'automatic-only' driving licence holder. Electronic gear selection – Tecshift also controls gear selection, leaving the driver with two gear-shifting options – automatic or manual. Automatic mode – The driver selects forward or reverse gear and Tecshift does everything else, just like an automatic gearbox. Manual mode – The driver can change gear sequentially by pushing the lever forward (higher gear) or pulling it backwards (lower gear). A 'kickdown' function – going through two or more gears – is also possible in manual mode.	●

MOVANO ONE-INVOICE APPROVED CONVERSIONS

Approved by Vauxhall for the UK Market

- All Approved Conversions are approved by Vauxhall Engineering
- These Conversions will be managed as approved 'Options' and can only be ordered via the M.S.I.T. Special Build Programme (specialbuild@gm.com)
- Warranty of Base Vehicle remains the responsibility of Vauxhall
- Warranty and Servicing of Conversion remains the responsibility of the Converter
- All Approved Conversions are supplied with EC WVTA (European Community Whole Vehicle Type Approval) from long-standing conversion partners

4WD CONVERSION

14500.00

4WD CONVERSION BY OBERAIGNER

Type approved numbers: EC WVTA: e11*2007/46*1191*00

- Available on: RWD/RWD HD Panel Van, Doublecab, Tipper, Dropside, Chassis or Crew Cab
- Switchable All-Wheel Drive (AWD) for use under poor road conditions and off-road driving
- Additional weight kept to a minimum by use of lightweight components
- Minimal vehicle lift due to compact AWD system
- Switchable 1:1.42 gearing ratio (Terrain gear) with facia-mounted control panel for AWD system

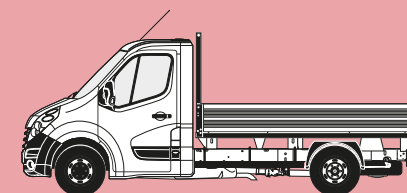

Requires Automatic locking rear differential factory options.
AWD drivetrain warranty is limited to 2 years/75,000 miles.

With over 20 years' experience in the design and production of 4X4 conversions, the Oberaigner Group is one of the leading suppliers of off-road vehicles in this sector of the Commercial Vehicle market.

LIGHTWEIGHT TIPPER BY VFS

Type approved numbers: EC WVTA: e11*2007/46*1022*00

- Available on: L2 H1 Chassis Cab or L3 H1 Crew Cab
- Lightweight, high-strength steel design optimised for UK
- Increased payload and lowered deck height compared to ex-Factory conversion
- Powder-coated and wax injected steel box section construction
- Steel platform, powder coated in dark grey
- Crew cab also available as utility cab for additional security

Recognised options*:

Tow bar	425.00
Beacon Pack	150.00
Chevron Pack	250.00
Worklamp Pack	250.00
Utility Cab	1840.00
Lightweight galvanised mesh cage (1.35m high)	2135.00
Lightweight galvanised mesh cage (2.0m high)	2650.00

Tail lift warranty is limited to 12 months.

* = Further options may be available. Please consult the Converter for further information.

LOW FLOOR LUTON VAN 'KNEEHI' BY TRUCKSMITH

RANGE GLOSSARY OF TERMS

PLATED WEIGHT

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's 'plate' showing the vehicle and axle gross 'plated weights'. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

MINIMUM MASS

Minimum Mass ('Mass in running order' on Certificate of Conformity and 'Mass in Service' on V5C form) is defined according to European Type Approval and include all fluids, tools, 90% fuel load and driver (75kg). It is minimum mass for this variant and does not consider local specification/trim or deletable options (specific to Movano). Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance).

GROSS VEHICLE WEIGHT (GVW)

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

GROSS COMBINATION WEIGHT (GCW)

The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is quoted on the vehicle plate and must not be exceeded.

PAYLOAD

The total permissible weight that can be carried without exceeding the vehicle's plated weight. Payload do not include driver but do take into consideration specification/trim level:

- For Combo included are UK specification (Panel Van 15kg; Crew Van 25kg) and also trim (Sportive L1 Panel Van 45kg; Sportive L2 Panel Van 30kg; Sportive Crew Van 20kg; Glazed Crew Van 40kg)
- For Vivaro included are UK specification (15kg) and trim (Sportive Panel Van 30kg; Sportive Doublecab 40kg; Limited Edition NAV Panel Van 45kg and Limited Edition NAV Doublecab 55kg)
- For Movano included are UK specification (10kg) and deletable options such as Bulkhead (25kg); Sliding Doors (30kg each) and Spare Wheel (25kg)

Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance). Payload does not consider any additional options that a customer may order.

ROOF LOADS

- Corsavan roof load should not exceed 75kg including the weight of the roof rack/carrier
- Combo roof load should not exceed 100kg on H1 models including the weight of the roof rack/carrier. H2 are not permitted to carry roof loads
- Vivaro roof load should not exceed 200kg (150kg on H2 models) including the weight of the roof rack/carrier
- Movano roof load should not exceed 200kg (150kg on H1 models) including the weight of the roof rack/carrier. H3 are not permitted to carry roof loads

MAXIMUM TOWING WEIGHT

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated Gross Combination Weight (GCW). It is based on the ability of the vehicle – at full GCW – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

Always fit Vauxhall towing attachments and accessories available from your Vauxhall Commercial Vehicle retailer. They are designed specifically for Vauxhall models and carry a 12-month warranty.

LIGHT DUTY AND HEAVY DUTY CYCLES

For a Light Duty cycle (EC regulation 715/2007 with designation 'Euro 6') the emissions of the whole vehicle are evaluated whereas for Heavy Duty cycle (EC regulation 595/2009 with designation 'Euro VI') only the engine is bench tested. The requirement of which cycle is necessary is determined by the reference mass of the vehicle. In the case of Vivaro, reference mass calculations dictate that:

- N1 FWD and M1 FWD are approved as Light Duty
- N1 RWD, N2 RWD and M2 FWD are approved as Heavy Duty

When Euro 5 was previously introduced, there was an agreement between Member States and the Commission (Reference TEC 740/2011) that, assuming there was no alteration to the emissions system itself, a multi-stage build vehicle should be covered by the base vehicle emissions approval, irrespective of whether the reference mass had changed. The Department for Transport has confirmed that this interpretation will remain in place for Euro 6/VI.

To illustrate this better – a F3500 L3 H1 (130PS) Vivaro Chassis Cab is type approved as Light Duty (Euro 6). Regardless of any conversion to this vehicle and even if its reference mass transgresses above the 2840kg threshold, then it is still be covered by the original Light Duty cycle emissions. One situation where this may not apply is when a vehicle changes category from N1 (Commercial) to M1 (Passenger) during the process of conversion.

COMMERCIAL VEHICLE CATEGORIES

Differences between M1/N1 and M2/N2 (Vehicles with GVW above 3500kg)

Category M: Passenger carriers

Category M1: Vehicles designed and constructed for the carriage of passengers and comprising no more than eight seats in addition to the driver's seat.

Category M2: Vehicles designed and constructed for the carriage of passengers, comprising more than eight seats in addition to the driver's seat, and having a maximum mass not exceeding 5 tonnes.

Category N: Goods vehicles

Category N1: Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

Category N2: Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

Specific differences, all M2/N2 require the following:

Speed limiter: All M2/N2 vehicles are legally required to be speed limited. M2 to 62mph and N2 to 56mph.

Driver licence: Commercial vehicles with GVW greater than 3.5 tonnes have different license requirements. For any new drivers C1 category

is necessary. Under some circumstances (social purposes for a non-commercial body) it is possible to drive a minibus without a D1 entitlement (Minibus) however eligibility for this exemption should be confirmed with DVSA.

Driver CPC: Driver Certificate of Professional Competence mandates 35 hours of periodic training every 5 years to maintain licence (from September 2014).

Tachograph: It is a legal requirement to administer the activities of drivers subject to the EU or AETR drivers' hours rules, and also record the vehicle's speed, distance and time. A Smart Card is required for digital tachograph and these are available from the DVLA. The tachograph of a new vehicle must be calibrated within two weeks of first registration.

Operator's Licence: This may also be required to ensure that vehicles are kept safe and in good condition at all times. Specifically for M2, PSV (public service vehicle) operator's licence is required. Exemptions in some circumstances may be permitted but this should always be confirmed with DVSA.

MOT Testing: M2/N2 must be tested each year, and vehicle presented with a completed Certificate of Conformity (CoC). This is available from Vauxhall (regdata@gm.com) or from converter in case of second-stage conversion.

CUSTOMER CARE PRICING AND ADDITIONAL INFORMATION

Vauxhall on-the-road recommended retail prices (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall Retailer of £583.33 (£700.00 including VAT), 12 months' Government Vehicle Excise Duty* and the DVLA new vehicle first registration fee of £55.00*.

Please note: The RRP does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and customer.

Price protection for all Vauxhalls

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new commercial vehicle, but you must take delivery as soon as the commercial vehicle is available. Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new commercial vehicles varies depending on gross vehicle weight (GVW) and European standard emissions compliance, as shown below*.

Up to 3500kg GVW	£240.00
Over 3500kg GVW	£165.00

*Correct at time of publication.

In the event of an accident...

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment** that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles (Corsavan and Combo) and 100,000 miles (Vivaro and Movano) limitation
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

** Warranty is only on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply - please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall Commercial Vehicle for 12 months from first registration and covers everything from accidents, mechanical breakdown to flat tyres. With Vauxhall Assistance help is literally just a free† phone call away, 24 hours a day, 365 days a year!

† Mobile phone users will be charged at their standard tariff.

Vauxhall Extended Warranty

For complete peace of mind Vauxhall offers an extended warranty that can be purchased on an annual basis following the expiry of the original new vehicle warranty. It covers most mechanical and electrical components. Terms and conditions apply, for further details please contact your local Vauxhall Retailer.

Protecting the environment

Our products are increasingly winning environmental awards, both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, including information on Design for Recycling, take-back of End-of-Life Vehicles (ELVs), and the recycling of ELVs, see www.vauxhall.co.uk/recycling

Vauxhall Service Plan

Vauxhall Retailers offer a great service for owners of all Vauxhall vehicles. Value for money, regular offers and free check-ups, combined with the peace of mind that comes from using Vauxhall-trained technicians and genuine parts, help keep your vehicle in peak condition at all times. Every Vauxhall Retailer supports our customer promise:

We are Vauxhall experts

- Fully Vauxhall-trained technicians
- We use Vauxhall approved diagnostic equipment and specialist tools
- Full access to Vauxhall repair databases and technical centres

We are transparent

- Our invoicing will clearly set out the work at the price agreed with no hidden extras

We are never beaten on price

- We will match any written like for like service/repair quote from a local^{††} competitor using genuine repair methods and parts

We are convenient

- Flexible booking times to suit you
- 'One-stop shop' for every type of Vauxhall service
- While you wait facility on stocked tyres, batteries and exhausts
- Free courtesy vehicle or local collection with annual services and warranty work

We are thorough

- 25 point safety check with any workshop visit
- No obligation advice on essential and non-essential work
- Free check for safety enhancements and upgrades to your vehicle and software
- Free 'Wash and Vac' with every annual service
- Free fitting of wipers and external bulbs with annual services

†† A radius of five miles/20 minutes from your Vauxhall Retailer.

Premier Van Centres

To maximise mobility and minimise downtime, our dedicated network of over 100 Premier Van Centres is increasing its emphasis on faster turnaround and fewer vehicle days spent off-road. We're your commercial vehicle 'one-stop shop' with all the specialised equipment, tools and training to support your aftersales needs, using only genuine parts fitted by Vauxhall-trained technicians. What's more, we promise convenience, expertise and value:

- Drop in for a diagnosis, no appointment necessary
- While-you-wait repairs where the parts are on-site
- A 25-point vehicle safety check with every workshop visit
- Access to Class 7 MOT facilities
- Onward mobility and a dedicated Premier Van Helpline - call 0800 026 0034

VIVARO PLATFORM CAB SPECIFICATIONS

Platform cabs

Platform cabs are ideal for those conversions requiring a low floor and walk-through access from the cab. The interface panel makes for easy integration of the cab with the conversion body, while an extended-length wiring loom is available to power the rear lights or extended conversions.

All conversions must follow 'Conversion Requirements' guidelines available on: www.vauxhall.co.uk/conversiondata

MOVANO CHASSIS CAB SPECIFICATIONS – Final

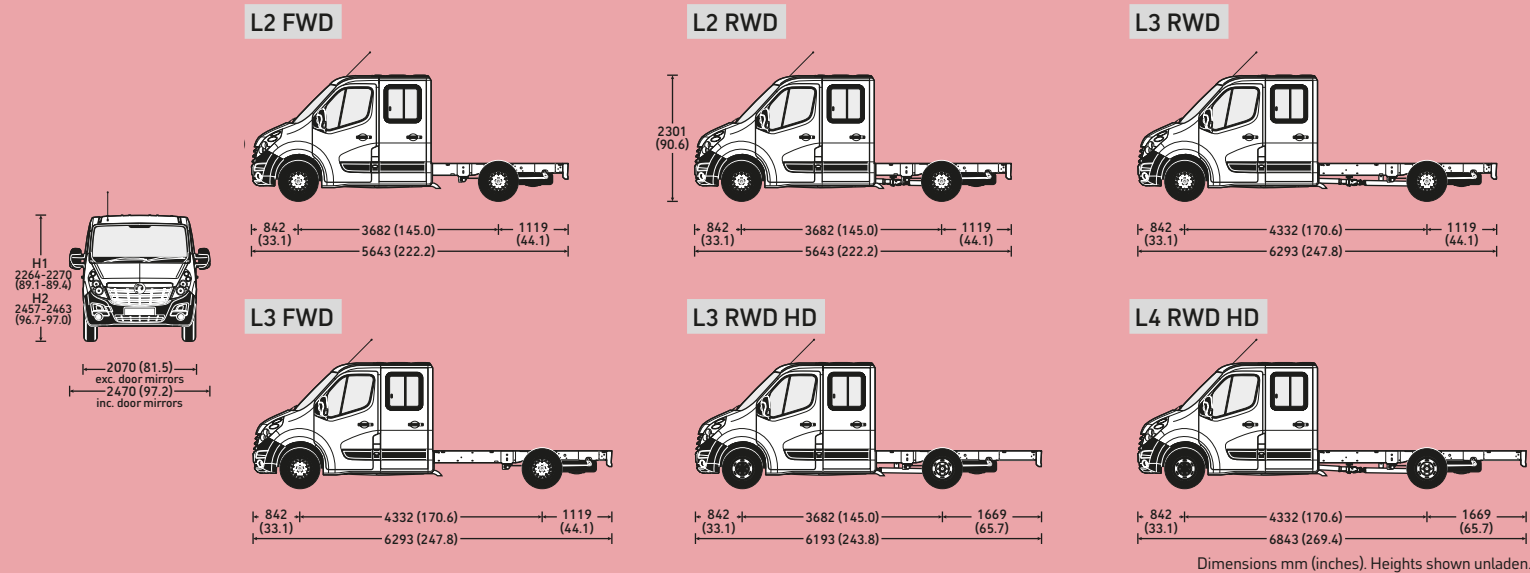

All conversions must follow 'Vauxhall Convertor Requirements' including recommended dimensional data, detailed within Part 1, available at: www.vauxhall.co.uk/conversiondata. The weight of any fitted conversion body will have to be deducted from these figures to establish actual payload and is subject to correct weight distribution. Variations from the recommended dimensions or weights may affect the vehicle's overall centre of gravity and stability. From 29 April 2013 conversion of N1 vehicles was affected by changes to type approval – for further information refer to the VCA website (N2 vehicles were affected from 29 October 2014). For further information please contact conversions@vauxhall.co.uk
