Introduction

Vauxhall's wide range already offers outstanding levels of refinement, flexibility and style, whilst combining excellent fuel economy with ever-lower emissions. Plus, with the announcement that our electric vehicles are eligible for the £1,500 Electric Car Grant the choice is there to future proof your mobility.

All of our models offer outstanding value for money too. The Corsa GS is available from NIL Advance Payment whilst the Frontera Electric GS now starts from NIL Advance Payment.

And now we've got more fantastic deals for you too.

- **Many models available for under £500 Advance Payment**
- **Metallic paint available on all models - free of charge!**

So you see, there's never been a better time to get into a new Vauxhall.

As a founder member of the Motability Scheme, Vauxhall is a major supplier of vehicles to disabled drivers and their families. Our Motability New Car Contract Hire Scheme lets you drive a brand new Vauxhall in exchange for all or part of the Higher Rate Mobility Component of the Disability Living Allowance, Armed Forces Independent Payment or War Pensioners' Mobility Supplement. If you are an existing Motability customer, the change from the Disability Living Allowance (DLA) to the Personal Independence Payment (PIP) may affect your eligibility. However, the Motability Scheme will continue to lease cars to disabled people who receive the Enhanced Rate of the Mobility Component of PIP, which has the same value as the Higher Rate Mobility Component of DLA. Your nearest Motability-approved Vauxhall Retailer will be glad to advise you on the car that's right for you.

This is not an exhaustive list of Vauxhall vehicles being offered in the current quarter, only the headlines. Refer to the Motability website for the full list of models offered in the current quarter.
